

MAESTRO

TURF TYPE TALL FESCUE

(EXP# T31)

DESCRIPTION

MAESTRO Turf Type Tall Fescue is a new release, selected for improved turf quality and brown patch resistance. MAESTRO'S strong performance includes improved brown patch and other disease resistance with excellent turf quality. MAESTRO retains a faster growth characteristic, a trait missing from many breeding programs that focus on dwarf genetics. This rapid growth rate equates to resiliency and the ability to "grow through" tough conditions as demonstrated in MAESTRO'S high ratings in tough southern conditions.
