GAELIC KENTUCKY BLUEGRASS

Poa pratensis

DESCRIPTION

Gaelic is a premium Kentucky bluegrass that is outstanding for establishing new turf areas and over-seeding existing turf on sports fields, commercial landscapes and golf courses in all cool-season zones. A Hybrid America type x Shamrock type, Gaelic is an ideal choice for broadening the genetic base of bluegrass blends and mixtures as well as adding to turf type tall fescue.

APPLICATIONS

Golf and sports turf, lawn turf, sod production

GEOGRAPHICAL ADAPTATION

Cool-season and transition zones

PRODUCTION AREAS

Pacific Northwest

FEATURES & BENEFITS

Wear tolerant
Excellent turf quality
Resists dollar spot and stem rust
Premium turf density

SEEDING RATE (pounds/1,000 ft²) *

2-3

*local conditions vary and dictate rates
