

SUPERIOR™

Sod Seed Blend

DESCRIPTION

Superior™ sod seed blend of Turf-Type Tall Fescue is selected for turf quality and performance with improved brown patch and drought tolerance for sun and moderate shade use. Superior™ provides a fine textured and dense turf for lawns, golf courses and roughs, sports fields, parks, and other recreation areas. Superior™ is persistent, has good color retention, and is deep-rooted and sod-forming allowing it to recover well from drought.

FORMULA

* 100% Improved Turf-Type Tall Fescue

*ask for current or custom formulations

SEEDS PER POUND (approximate) *

250,000

*seed count estimate – actual counts vary by lot

SEEDING RATE *

280-475 pounds/acre
6.5-11 pounds/1,000 ft²

*local conditions vary and dictate rates

FEATURES & BENEFITS

Heat tolerant

Fast establishing

Fast knitting

High tensile strength – may be managed and harvested without netting

Premium genetic diversity

Good wear tolerance

Long-term disease tolerance
