

GAELIC KENTUCKY BLUEGRASS

Poa pratensis

DESCRIPTION

Gaelic is a premium Kentucky Bluegrass that is outstanding for establishing new turf areas and over-seeding existing turf on sports fields, commercial landscapes and golf courses in all cool-season zones. A Hybrid America type x Shamrock type, Gaelic is an ideal choice for broadening the genetic base of Bluegrass blends and mixtures as well as adding to Turf-Type Tall Fescue.

APPLICATIONS

Golf and sports turf, lawn turf, sod production

FEATURES & BENEFITS

Wear tolerant

Excellent turf quality

Resists dollar spot and stem rust

Premium turf density

GEOGRAPHICAL ADAPTATION

Cool-season and transition zones

PRODUCTION AREAS

Pacific Northwest

SEEDING RATE (pounds/1,000 ft²) *

2-3

*local conditions vary and dictate rates
