

XCELERATOR PERENNIAL RYEGRASS

Lolium perenne

DESCRIPTION

Xcelerator Perennial Ryegrass is our new elite release with leading turf quality and improved gray leaf spot performance. Xcelerator is ideal for heavy-use sports fields, golf courses, and high demand lawns requiring fast establishment, premium turf quality, disease, and traffic performance. This Perennial Ryegrass variety is adapted to the cool-season zone and transition zone, as well as arid regions with irrigation. Plus, Xcelerator is excellent in warm-season zones for winter overseeding of Bermudagrass turf.

APPLICATION

- Golf course fairways, tees, and roughs, sports turf, lawn and landscaping
- Use in blends with other high-performance Perennial Ryegrasses in the cool-season and transition zones and mixtures with other cool-season species

GEOGRAPHICAL ADAPTATION

Cool-season and transition zones, arid regions with irrigation, warm-season zones for winter overseeding of Bermudagrass turf
