ABOUT NOM NOM

It all began with a pair of obsessive dog parents and a doted-on Aussie Shepherd.

After searching for just the right food to support their pup's sensitivities, our founders decided to make their own. They eventually teamed up with a board-certified vet nutritionist and expanded from their home kitchen to a full-scale operation in Nashville, putting the same care into nourishing thousands of dogs as they did into serving one.

This dog-first mindset continues to guide our team today. We prioritize tempting tastes and textures to please even the pickiest eaters. We champion variety to make mealtime an adventure. And our vet nutritionist and team of PhDs ensure that dogs get the nutrition they need, customized to the individuals they are.

HOW NOM NOM MEETS WSAVA GUIDELINES FOR SELECTING DOG FOOD

World Small Animal Veterinary Association (WSAVA) guidelines focus on evaluating each company in relation to their nutritional expertise, food safety and quality control practices and whether the company is active in nutrition research. Nom Nom's products and manufacturing processes meet or exceed the following guidelines set out by WSAVA for selecting pet foods.

Do they employ a nutritionist?

Nom Nom's recipes have always been developed under the guidance of a board-certified veterinary nutritionist. Today, we're supported by a team of expert nutritionists within the Royal Canin family, together with Nom Nom's own Matthew Brooks, MS, PhD in Small Animal Nutrition.

Who formulates the diets? What is the quality control process for ingredients and finished products?

Nom Nom's food is produced in its own Nashville, Tennessee-based packaging facility. The company receives guidance from the Royal Canin regulatory team, ensuring claims are up to snuff, and is supported by Royal Canin's Q&FS standards— so you can be confident in the quality. Nom Nom meets all AAFCO guidelines and regulations, and is formulated to meet the canine AAFCO nutrient profile for all life stages.

What kind of product research or nutrition studies have been conducted? Is it published in peer-reviewed journals?

Nom Nom backs up all of our products with industry-standard feeding studies. These feeding studies are conducted on all formulas, to ensure product performance according to Nom Nom's high palatability and digestibility standards. Nom Nom has published multiple peer-reviewed studies to support products and services and add to pet health public knowledge.

OUR GENTLY COOKED RECIPES

Our recipes are formulated and scientifically evaluated for nutritional balance by board-certified veterinary nutritionists and PhD-led veterinary science and R&D teams, who think about the nutritional needs of dogs and how they can be met at any given life stage.

We use only real, high-quality ingredients, prepared and packed in our own Nashville kitchen, along with a proprietary nutrient blend that includes Vitamin D, Vitamin E, Vitamin B1, Vitamin B2, Vitamin B12, Iron, Iodine, Zinc, Selenium, Copper, Manganese, Choline and Taurine.

BEEF MASH

Vet-developed and featuring our proprietary nutrient blend, this recipe features chunks of premium, protein-rich beef to support the energy levels of active dogs.

- Beef** is high in protein to support energy levels
- Potatoes** are a healthy source of carbohydrates
- Eggs** are a complete source of protein and rich in fatty acids
- Carrots** contain beta-carotene to support eye & skin health
- Peas** are packed with minerals like iron, potassium and zinc

| Protein Digestibility | 92.2% |
| Fat Digestibility | 97.6% |
| Carbohydrate Digestibility | 89.0% |
| Metabolizable Energy (Calorie) | 93.2% |

INGREDIENTS

Ground Beef, Russet Potatoes, Eggs, Carrots, Peas, Water Sufficient for Processing, Dicalcium Phosphate, Potassium Chloride, Salt, Citric Acid, Natural Flavor, Vinegar, Calcium Carbonate, Taurine, Fish Oil, Sunflower Oil, Dimagnesium Phosphate, Zinc Gluconate, Iron Amino Acid Chelate, Vitamin E Supplement, Potassium Iodide, Vitamin B12 Supplement, Copper Gluconate, Manganese Gluconate, Selenium Amino Acid Chelate, Niacin (Vitamin B3), Thiamine Mononitrate (Vitamin B1), Pyridoxine Hydrochloride (Vitamin B6), Riboflavin (Vitamin B2), Folic Acid, Vitamin A Supplement, Cholecalciferol (Source of Vitamin D3), Pantothenic Acid (Calcium-D-Pantothenate).

Nom Nom Beef Mash is formulated to meet the nutritional levels established by the AAFCO Dog Food Nutrient Profiles for All Life Stages including growth of large size dogs (70 lb. or more as an adult).

PORK POTLUCK

Vet-developed and featuring our proprietary nutrient blend, this recipe presents a digestible alternative to common proteins such as chicken or beef.

Pork is a highly digestible alternative to common proteins

Potatoes are a healthy source of carbohydrates

Green Beans are low-calorie and high in fiber

Squash is a great source of essential vitamins

Kale is rich in antioxidants that support immunity

Mushrooms are a good source of selenium

NUTRIENT PROFILE

NOM NOM FEEDING GUIDE

Take into account the dog's ideal weight and activity level, then use the chart below to find the right serving amount. These daily recommendations are only a guide.

FOR ADULT DOGS assumes low/normal activity

Recipe By Daily Portion (cups / grams)

| Adult Dog Weight (lbs) | Beef Mash | Chicken Cuisine | Lamb Pilaf | Pork Potluck | Turkey Fare | Turkey & Chicken Cookout |
|------------------------|-----------|-----------------|------------|--------------|-------------|--------------------------|
| | 5 | ¾ / 133 | ½ / 136 | ½ / 121 | ¾ / 133 | ¾ / 122 |
| 10 | 1¼ / 223 | 1 / 229 | 1 / 203 | 1¼ / 224 | 1 / 205 | 1¼ / 226 |
| 15 | 1¾ / 302 | 1½ / 311 | 1¼ / 275 | 1½ / 304 | 1½ / 278 | 1½ / 306 |
| 20 | 2¼ / 375 | 1¾ / 386 | 1½ / 341 | 2 / 377 | 1¾ / 345 | 2 / 379 |
| 30 | 3 / 508 | 2½ / 523 | 2 / 462 | 2½ / 512 | 2½ / 467 | 3 / 514 |
| 40 | 3¾ / 630 | 3 / 648 | 2¾ / 573 | 3¼ / 635 | 3 / 580 | 3½ / 638 |
| 50 | 4½ / 745 | 3½ / 767 | 3¼ / 678 | 4 / 750 | 3¾ / 686 | 4 / 754 |
| 60 | 5 / 855 | 4 / 879 | 3¾ / 777 | 4½ / 860 | 4¼ / 786 | 4¾ / 865 |
| 80 | 6¼ / 1060 | 5 / 1091 | 4½ / 964 | 5½ / 1068 | 5¼ / 975 | 5¾ / 1073 |

FOR PUPPIES averaged across recipes

Age (mo) & Daily Portion (cups / grams)

| Target Adult Weight (lbs) | 3 | 4 | 6 | 8 | 10 |
|---------------------------|----------|-----------|----------|-----------|----------|
| | 10 | 1½ / 291 | 1½ / 304 | 1½ / 278 | 1¼ / 220 |
| 20 | 2½ / 477 | 2½ / 507 | 2¾ / 513 | 2¼ / 415 | 2 / 367 |
| 40 | 4 / 784 | 4¼ / 846 | 4½ / 865 | 3¾ / 748 | 3¼ / 621 |
| 60 | 4¾ / 932 | 5¼ / 1012 | 6 / 1174 | 5½ / 1088 | 4¾ / 924 |

Rather we do the math? For subscription orders, we pre-portion the dog's meal packs according to their unique nutritional needs and deliver them at a set schedule so they never run out.

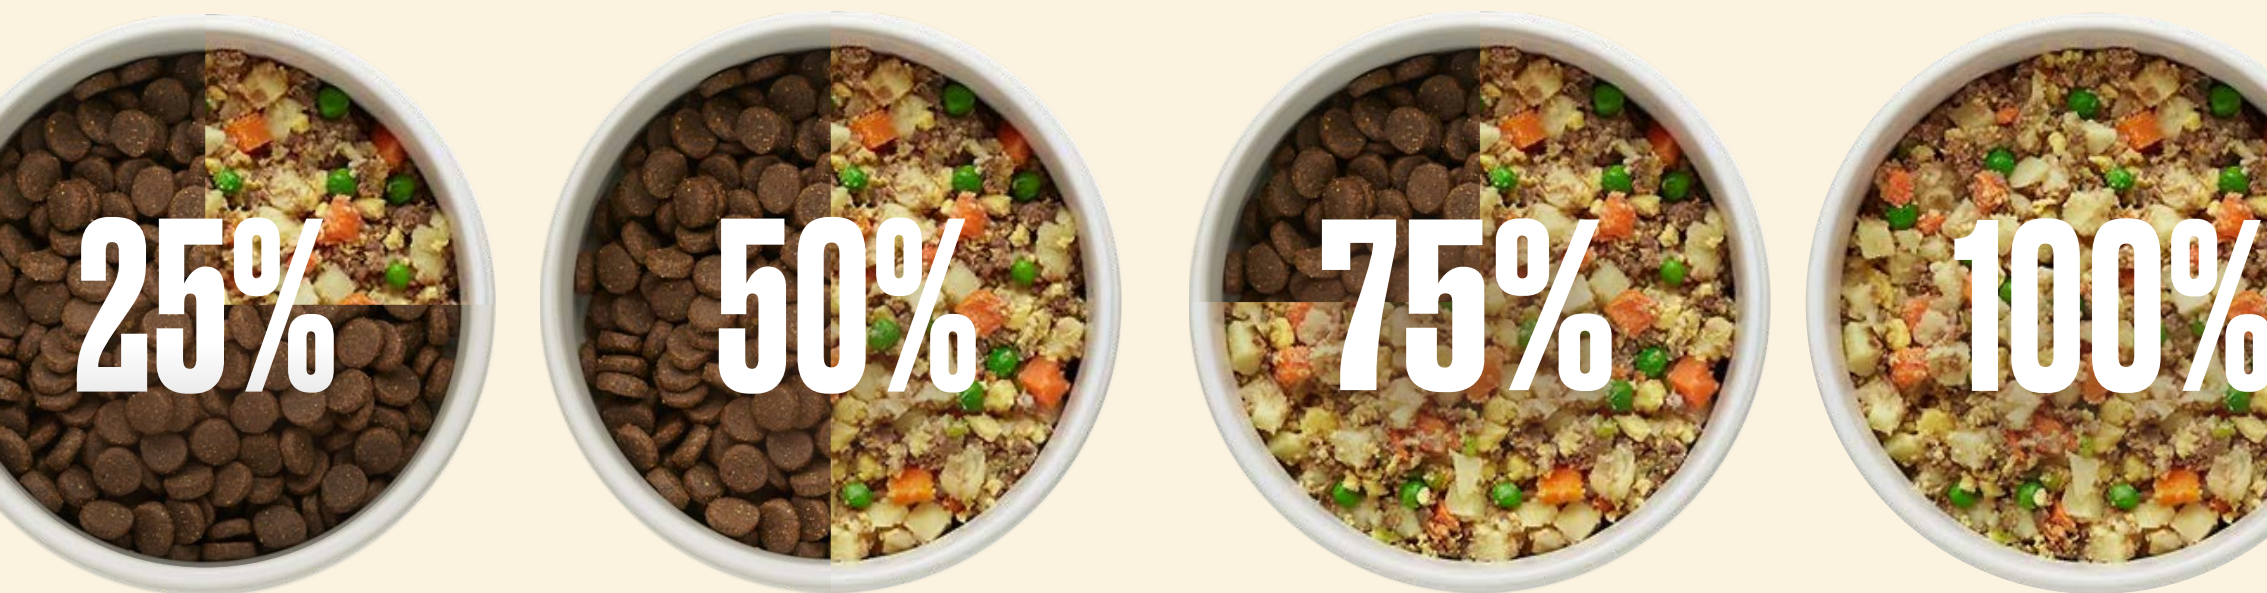

HOW TO TRANSITION TO NOM NOM

If transitioning to a 100% Nom Nom diet, start by adding a little bit of our vet-developed food to the dog's current food.

Gradually increase the ratio of Nom Nom's food while reducing the dog's current food over the course of a week. This will allow their stomach to gradually adjust to the new diet.

Days

1 - 2 → 3 - 4 → 5 - 6 → 7+

HOW TO SERVE

Full Meals

Feed 100% Nom Nom recipes for a complete and balanced meal.

Half Meals

Mix our vet-developed food with the dog's current food.

Toppers

Add a taste of Nom Nom's recipes to the dog's current diet.

OUR VET-DEVELOPED PROBIOTICS

Experts confirm that a balanced microbiome has a lot to do with overall wellness. That's why we've gone beyond the bowl with vet-developed probiotics, which were designed to support everything from nutrient absorption to immune system function and digestion.

FULL SPECTRUM PROBIOTIC SUPPORT

Supports healthy digestion, metabolism, nutrient absorption and immune system function in dogs. Contains 20 billion CFUs and 7 full spectrum probiotic strains per serving. 30-day supply.

ACTIVE INGREDIENTS PER SCOOP (2G)

| | |
|-----------------------|-----------------|
| Proprietary Probiotic | 20 Billion CFUs |
|-----------------------|-----------------|

Proprietary Probiotic Blend of: [*Lactobacillus reuteri*, *Pediococcus acidilactici*, *Enterococcus faecium*, *Lactobacillus acidophilus*, *Bifidobacterium animalis*, *Lactobacillus fermentum*, *Lactobacillus rhamnosus*]

| | |
|--------|-------|
| Inulin | 50 mg |
|--------|-------|

INACTIVE INGREDIENTS

Maltodextrin

CAUTIONS

If animal's condition worsens or does not improve, we recommend to stop product administration and undergo further veterinary evaluation and consultation.

DIRECTIONS FOR USE

Administer orally, one level scoop daily.

FOR USE IN DOGS ONLY

Recommended to support digestive health. Appropriate for all breeds, puppies (older than 8 weeks) to adults.

WARNINGS

Not for human consumption. Keep out of the reach of children and animals. In case of accidental overdose, contact a veterinary professional immediately.

STORAGE & HANDLING

Protect from light, high temperatures and moisture. Reseal after each use. Refrigerate for maximum potency.

GI-TARGETED PROBIOTIC SUPPORT

For a balanced microbiome and healthy digestion in dogs. Contains 20 billion CFUs and 5 probiotic strains per serving targeted specifically to manage GI issues. 30-day supply.

ACTIVE INGREDIENTS PER SCOOP (2G)

| | |
|-----------------------|-----------------|
| Proprietary Probiotic | 20 Billion CFUs |
|-----------------------|-----------------|

Proprietary Probiotic Blend of: [*Saccharomyces boulardii*, *Enterococcus faecium*, *Bifidobacterium animalis*, *Lactobacillus reuteri*, *Pediococcus acidilactici*]

| | |
|--------|-------|
| Inulin | 50 mg |

PROBIOTIC RESEARCH & RESOURCES

Nom Nom's probiotics were expertly formulated by a veterinary nutritionist and microbiologist. They help promote a healthy microflora to support stool quality and overall digestive health, and contain prebiotic fiber for added bacterial development.

Probiotics are made with top-quality ingredients at FDA registered facilities under GMP guidelines. Each batch is independently tested for product integrity.

OUR WHOLESOME TREATS

Go the extra mile for dogs with top-quality treats from Nom Nom. Made with premium protein, nutritious fruit and little (or nothing) else, they're perfect for positive reinforcement, training sessions or everyday enrichment.

BEEF JERKY

Made with 100% premium beef and nothing more, they're an all-natural, protein-rich snack. Available in 4 oz. packages.

- Made from 100% beef
- No artificial colors, flavors, fillers or funky stuff
- Gently dehydrated for the chewy texture dogs love
- Easy to break into pieces for training, or to use as a meal topper

FEEDING INSTRUCTIONS

Offer as a healthy reward or wholesome snack. Recommended for adult dogs only. Always have fresh drinking water available and monitor your dog to ensure the treat is adequately chewed.

Not nutritionally balanced to replace your dog's diet. We recommend that treats be limited to no more than 10% of your dog's daily caloric intake.

INGREDIENTS

Beef.

†calculated value

Nom Nom Beef Jerky is intended for intermittent or supplemental feeding only.

SWEET POTATO CHEWS

Made from a single wholesome ingredient, this treat is low in fat and a good source of fiber. Available in 6 oz. packages.

- Made from 100% sweet potato
- No artificial colors, flavors, fillers or funky stuff
- Low in fat + a good source of fiber
- A rawhide alternative
