Preface

In every person's life, there exists a tapestry of stories, woven from the threads of joy and sorrow, love and heartbreak, growth and transformation. It is within these narratives that we find the essence of our humanity, the moments that shape us into who we are. As the author of this book, I invite you to embark on a journey that delves deep into the lives of our protagonist, William, and the remarkable individuals who cross his path.

This book is a labor of love, born from a desire to capture the intricacies of human relationships and the emotions that course through our veins. As an engineering student with a penchant for observing the world around me, I have always been drawn to the beauty and complexity of real-life experiences. Through the power of storytelling, I aim to bring these moments to life, to touch your heart and provoke thought.

The story begins with William, a smart and handsome young man, entering a new chapter of his life as a graduate student at the prestigious National University of Singapore. Little did he know that this new beginning

would set in motion a series of events that would test his strength, resilience, and capacity for love. With each turning page, you will witness the triumphs and tribulations that shape William's path, as he navigates the treacherous terrain of friendship, betrayal, and self-discovery.

In the early chapters, you will meet Julia, a beautiful and enigmatic young woman who captures William's heart. Little did he suspect the dark intentions hidden beneath her charming facade. As their relationship unfolds, you will witness the subtle manipulation and exploitation that Julia employs, leaving William blissfully unaware of her true motives. It is through his unyielding affection for her that he becomes entangled in a web of deceit, leading to a heart-wrenching moment of revelation.

The subsequent chapters chronicle William's descent into depression and the failed attempts of his friends to pull him back from the depths of despair. It is a somber exploration of the human struggle to cope with heartbreak, and the realization that sometimes, even the closest friendships cannot heal the wounds inflicted by betrayal. Through the shadows of his sorrow, William embarks on a two-month bike trip around Singapore, seeking solace and understanding in the solitude of the open road.

It is during this journey that William begins to uncover the truth about the world and the existence of fake people. With each pedal stroke, he gains insight into the resilience of the human spirit and the importance
