## Introduction

With the single touch of Love, the dead heart gains life and last desire remains only Beloved. After being exiled from every place, the best and safe place is custody of Beloved. A lover crosses all limitations of time and fate, breaks traditions and norms in order to come close to Him. There are hundreds of accusations upon him, but they have no effect on his love. The tale of love is divine and called the story of *Candle and moth*. Where the last and only desire of moth is to turn into ashes in the fire of Candle. The lover also yearns to become empty and bear nothing than the union with of Beloved. He calls that fire the fire of salvation that frees him from all odds of time and takes to another state of elation. Since love infuses life in dead and gives rise to flight of eternity.

In this book named as *The Candle and Moth* there are poetic tales of love written in profoundness. In different ways calling the Master to appear, as the pain of separation afflicts. It also carries odes of Friendship, Nature, life and fate.

While going through this beautiful tome of Poems, one can feel the fire of love, if love has touched his/her heart and the passion will bloom like blossoms of spring in the Way Of Beloved.

*The Candle And Moth*

# God Knows Everything Right

God knows everything right  
About making of day and night,  
For mankind it's great  
And accept every State.

God's plans are all above  
He is peace and love;  
Mankind must fathom  
And remain calm.

He knows best for man  
When to give joy and pain;  
When to make him happy  
And when to give a strike of misery.

Oh! Mankind wake and break  
The wings of hopeless state;  
Live a life even in ache  
For God has set something good in fate.

# *In The Angel's Lap*

Two angels took me in lap  
Started to cradle and sing lullaby,  
The soft winds began to flap  
Carrying odor of allay;  
They cradled me in a way  
As I'm in mother's lap.

When pain is deep  
And tears burn sleep,  
With smooth hands they fondled me  
And carried to next city.

Now, Most of nights pass this way,  
After the hardships of everyday  
In my impatient ears  
They sing patient prayers.

# *The Time Of Now Is Different*

Now the time is like this  
I weep over the joys and bliss  
While laugh over the grief  
For something good happens before relief.

They say you are crazy and insane,  
As existing pleasures transform into pain,  
Laughter cloaked in tears  
And patience in secret prayers.

They say who plays with aches  
For this ache breaks  
Into pieces and leaves nowhere;  
I said there is joy in burning in this fire.

# *Take A Kiss From My Lips*

Take a kiss from my lips  
Stamp amid her brows,  
Let's see how she flips  
After the kiss blows  
From her lover  
Who lives far.

Don't tell her who sent it,  
Let's see, will she recognise the odor,  
When her forehead will be hit  
How will tender her core?

Like she often tested my love,  
Let's test her too, O, wind  
Come to me and take a kiss to prove,  
Do I live in her heart and mind  
In the same way she is  
As in my every kiss.

Take a kiss from my lips and go  
Blow that on her brows,  
Blow but all slow  
Let's see how she glows.

# *From The Voice Of Master*

From the voice of Master  
A profound recitation of patience  
All we had last night;  
In the foretell chamber  
Where the seeking was in essence  
That of love and it's light.

How heavy it is to be patient?  
He taught all of us,  
How the life is spent?  
Out of the fuss.

Patience that's vast as sea  
He taught us to swim in it,  
Drown deep and see  
The true elation of spirit.

To consume it's fruit,  
To play it's flute  
All and all was taught  
By our sweetheart.

## Love For Not A Cause

Ask not about my love, where from it draws?  
I have never loved you for a cause  
Nor shall leave for the flaws.

My heart has been in love with your heart alone  
Like amongst the stars with a moon,  
The heart is found alone of fortune.

Those would be some other  
Who loved your name and beauty dear  
I have not loved them for here.

My love is complete  
For your heart and I repeat  
It on every way I meet.

## *Two Demons*

Two demons chased me  
In a grazing field  
I run lonely  
Without a shield  
Like a lump of flesh  
And they follow to smash.  
I cried loud, O, save me  
My heart came into mouth  
I ran faster and quickly  
Towards the south.  
I saw, I'm being eaten  
I saw I was beaten  
And those two demons  
Were with own caravans  
Who hustled my night  
Into the small portions  
I took later the pen to write  
About the secret of lesions.

# *Half Of Life Passed In Search Of Friend*

Half of life passed in search of a Friend,  
Then next half also came to end  
In this hope we will meet  
I wandered around the streets  
Till the life kept passing day by day  
And I couldn't stay  
Up in his feet an hour,  
While decayed in a war.  
War of search  
That is still going on  
Through the many doors I march  
Along my own caravan.  
And when I found a Friend  
Then the life had come to End.

# Keep Your Minds Clean

Keep your minds clean,  
To be green  
Like the spring field  
Where all the lesions can be healed.

A clear mind is like clear space  
Which fills the face  
With charm and joy  
And leaves nowhere in the eye.

A clear mind is a gate  
To connect to another state  
Whether that's of love or modesty  
You can come up and see.

A clear and clean mind  
Is full of being kind  
In which truth and light are  
Like a twinkling star.

A clear mind makes clear heart  
Cherishes it with kind of art  
The art of knowing self  
Where does it engulf.
