Quick Review: Drop-off pills and capsules

- ✓ Law enforcement remains at drug disposal box at all times
- ✓ Volunteers assist participants with questionnaire
- ✓ Pills/capsules can only be touched by participants. They pour their medications directly into the disposal box
- ✓ Depending upon your process, the pill bottle can be a) deposited with medications, directly into the disposal box, b) recycled or c) thrown away.
- ✓ For options b) or c) above, please have participants use the Sharpies to black out personal and refill information
- ✓ Questionnaire:
 - Information gathered only for 'medications of interest'
 - Medications are divided into 3 categories

What's accepted?

- ✓ Pills/capsules- any and all
- ✓ Patches
- ✓ Inhalers after 2014
- ✓ Expired or unwanted prescriptions/controlled substances
- ✓ Pet medications in pill/capsule form

What's not accepted?

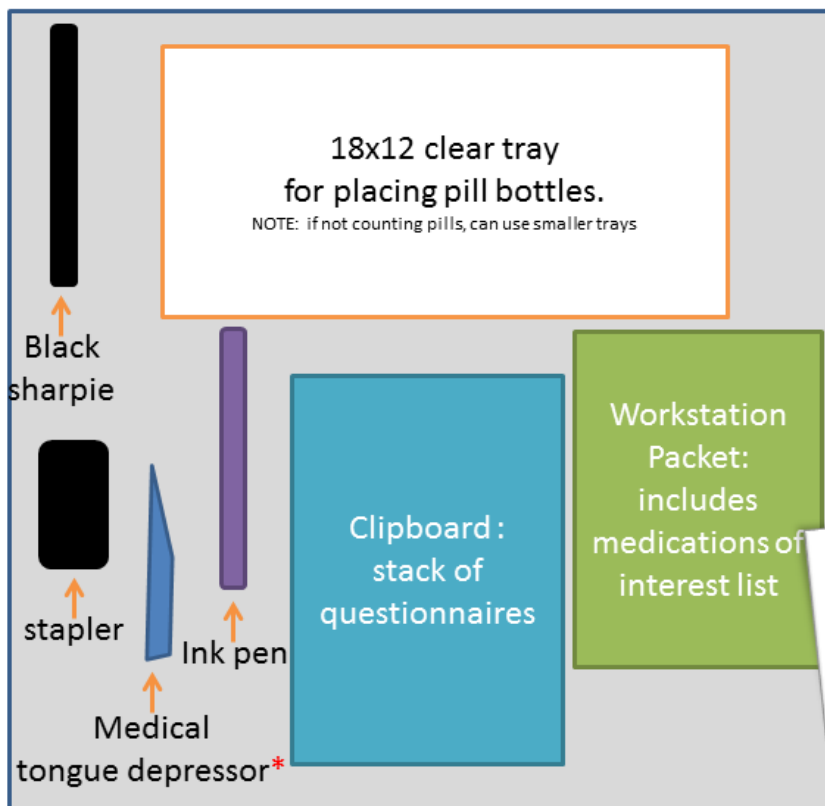

- No liquids
- No EpiPens
- No creams and gels
- No needles, syringes, lancets
- No thermometers
- No IV bags
- No sprays
- No vials
- No powders

Medication take back event introduction

- ✓ Thank you for coming
- ✓ In order to know how we can improve our future take back events, may I ask you a few quick questions?
- ✓ We are also interested in collecting some information on a few specific types of medications. None of your personal information is needed.
- ✓ Help yourself to the educational brochures on the table (or candy, etc.)
- ✓ Thank you so much for coming today and doing your part to remove these unused pills from the community. Look for us again in the (fall/spring). Have a nice day!

(1-3 volunteers per workstation; varies with your event's size & process of either counting or estimating pills)

Workstation set up

**if not counting pills, the medical tongue depressor is not necessary*

Shared supplies between workstations
