

# THE OATH

We live in a divided, turbulent world where **freedom, truth, and goodness** are controversial. No people, tribe, or nation can long stand that fails to maintain respect for their Creator, for the Laws of Nature and Nature's God; such divine respect being necessary for any society united in goodness.

As the absence of virtue leads to the dissolution of society, destruction, anarchy, and war, **we therefore, the undersigned, with respect and reverence to the Supreme Judge, make a solemn Oath to change the world.** We acknowledge such mighty change must begin within ourselves.

Therefore, we the undersigned, make this Oath in solidarity with firm reliance on divine Providence seeking these virtues may prevail in our souls:

- *Love over hate* • *Understanding over judgement* • *Common decency over incivility*
  - *Selflessness over selfishness* • *Sincerity over insincerity* • *Humility over pride*
- *Gratitude over ingratitude* • *Honesty over dishonesty* • *Knowledge over ignorance*
  - *Light over darkness* • *Truth over deception* • *Goodness over wickedness*
    - *Holiness over unholiness* • *Divinity over the demons in our own souls*

To the fulfillment of this solemn Oath, we summon the Powers of the Universe and the Divine heritage within ourselves, with all our hope for goodness and honor to prevail. And to this end, We Pledge our lives, our fortunes, and our future to the betterment of our characters, to the elevation of our societies, and to the building of a Better World.
