

1st International Joint Conference
MARBLUE 2022
Constanta, 26 - 28th October 2022

FIRST ANNOUNCEMENT

*We look forward to seeing you at
the MARBLUE 2022 conference!*

BLUE GROWTH: CHALLENGES AND OPPORTUNITIES FOR THE BLACK SEA

**Venue: Constanta, "Ovidius" University of
Constanta, 1 University Alley, B Campus.**

The aim of the International Joint Conference **MARBLUE2022** is to contribute to the protection of the Black Sea by supporting the sustainable development in a multidisciplinary way. The conference will provide a space for fruitful discussions, including aspects related to both fundamental research as well as technological innovations, between scientists as well as companies involved in research and development.

- Session I: Oceanography, Marine Geology and GeoEcology**
- Session II: Biodiversity, Ecology and Conservation of Marine Ecosystems**
- Session III: Sustainable Use of Marine Resources**
- Session IV: Marine Spatial Planning (MSP) and coastal management**
- Session V: Observing the Black Sea**
- Session VI: Ocean literacy and education**
