OcuPlan First Routine Referrals Process

Patient attends your practice for a sight test and a referral to an ophthalmologist is required. Does the patient have one of the following conditions: Glaucoma, Ocular hypertension, Dry AMD, Diabetic retinopathy Are they happy to be contacted by OcuPlan to discuss how we help patients with their condition to be seen quickly by a local ophthalmologist **YES** NO Refer via suggested local referral pathway to Refer via suggested local referral pathways ensure optometrist's clinical responsibility is discharged and 1. Provide patient with OcuPlan leaflet containing our contact details. 2. Input patient name, email address and phone number into the referral form found here OcuPlan team will contact the patient to discuss referral options and explain how OcuPlan works Patient will receive NO Patient Joins OcuPlan appointment via the local pathway **YES** OcuPlan will contact your practice with patient membership details. Following this, the optician practice should upload to the OcuPlan Dashboard: 1. The OCT scans of macula & disc for both eyes* 2. Full threshold 24-2 visual field tests for both eyes* *If these tests have not been attempted at sight Your practice has the scan fees increased to test appointment, the practice must arrange for these tests to be completed prior to uploading to £100 and paid to you. the OcuPlan dashboard.

OcuPlan First Routine Referrals: Who to refer?

We help patients who need to see a consultant ophthalmologist regularly. Not all patients are suitable for the OcuPlan first-time referral, please see below:

What patients do we help?	What patients don't we help?
 Patients with suspected glaucoma Patients with ocular hypertension Patients with diabetic retinopathy Patients with dry AMD 	 Patients with Wet AMD Cataract first referral Anything that is considered immediate or urgent Anything you would normally refer to CUES or MECS

If your patient is interested in OcuPlan, we will contact them and make them aware of how it works and the benefits to them. Please complete the form at dashboard.ocuplan.co.uk/referral
