You can bet smarter with OddsJam

Positive Expected Value (EV) Betting	Arbitrage Betting
<i>Bet when you have the advantage</i>	<i>Bet on both sides to guarantee profit</i>
Example: A coin lands heads 60% and tails 40%	Example: One sportsbook has Team A at +150, another has Team B at +160
Action: Bet \$100 on heads—it's the more likely outcome	Action: Place bets on both teams to lock in profit, no matter who wins
Why It Works: You make bets that statistically pay off	Why It Works: You secure a profit by taking advantage of different odds

If you understand these examples, you WILL make money sports betting with OddsJam

Betting with OddsJam is different

The Basics

Arbitrage Betting

- Arbitrage (Arbs) betting takes advantage of sportsbooks' differing algorithms, allowing you to **bet on both sides of an outcome** and **lock in a guaranteed profit**
- OddsJam uses advanced software to identify the **best arbitrage opportunities**, giving you an edge in the market
- Watch Alex, our founder, go more in-depth on how to make [risk-free money](#)

Guaranteed profit no matter the outcome

ODDSJAM

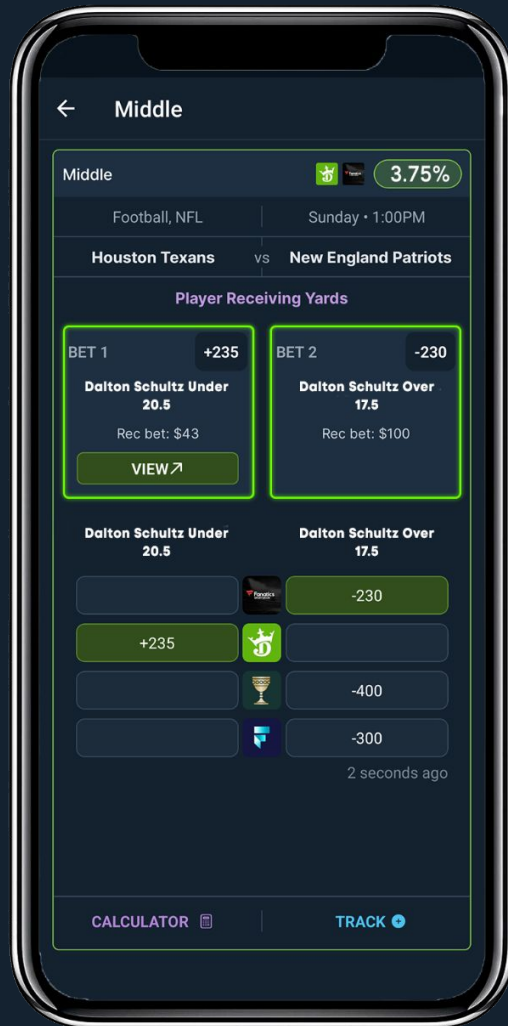

Positive EV Betting

- Positive EV betting involves finding mathematically advantageous bets by identifying mispriced odds, **giving you a calculated edge over the books**
- Positive EV betting isn't about winning every bet—it's about consistently making smart bets that, over time, will result in **serious profits**
- Check out our free educational info!
 - Visual Learner? Watch our [YouTube video](#)
 - Prefer a quick read? [Click here](#)

Middle Betting (AKA Middling)

- Middling involves betting on both sides of a game or prop when sportsbooks set different lines, giving you a chance to **win both bets** if the final result falls between the two lines
- OddsJam **maximizes your chances** of profiting from line discrepancies

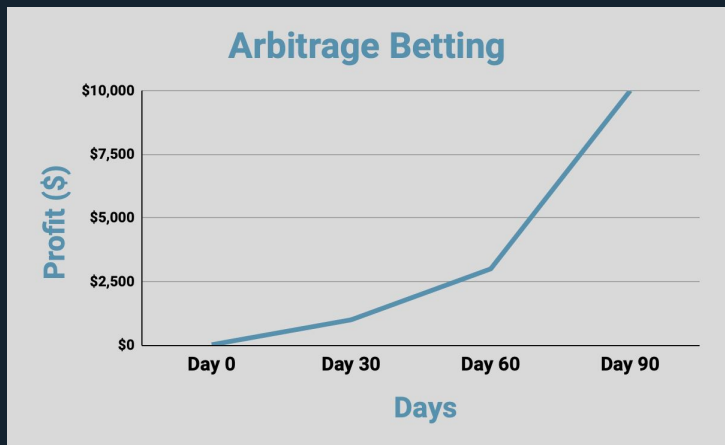

Your path to profit with OddsJam

Arbitrage Betting

Zero Risk: Guaranteed profits by betting both sides

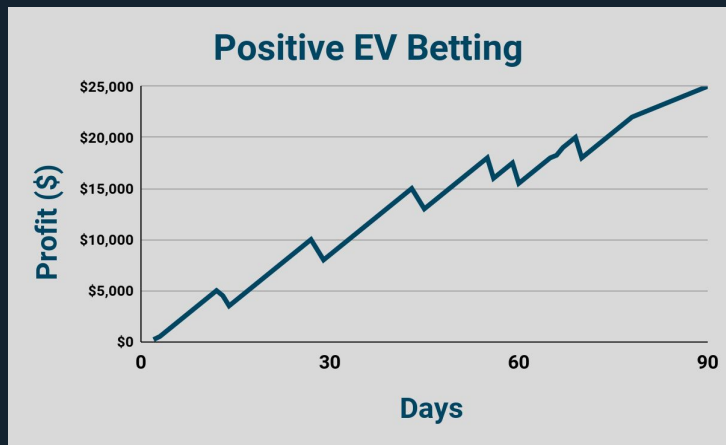

Steady Growth: Stable, predictable growth

Positive EV Betting

Greater Returns: Unlock larger gains by betting on one side

Variable Growth: Higher upside with more day to day fluctuation

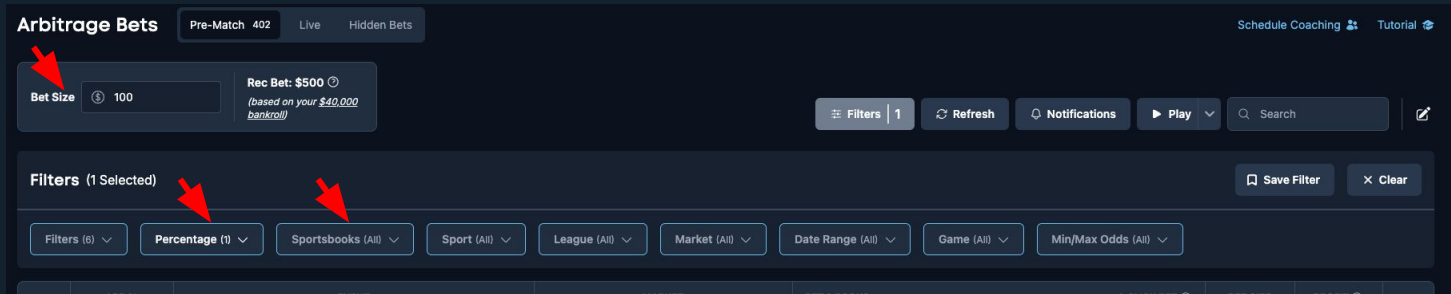

- Betting is an Investment: **the more you bet, the more you profit**
- Unlike the stock market, you can more than **DOUBLE** your portfolio in 1 year

Getting Started

How to start making RISK FREE money in 5 minutes!

1. [Click Here](#) for your 7-Day Free Trial
2. Deposit \$100 into each of these sportsbooks: Fliff, Fanduel, DraftKings, and BetMGM
3. Go to the Arbitrage page and enter your \$100 as your bet size
4. In the filter section, select only the 4 sportsbooks listed above
5. Find a 3% or Lower Arbitrage Opportunity and Secure Your RISK-FREE Profit!
 - a. Why 3%? Sportsbooks are slower to adjust odds on opportunities <3%, giving you time to secure your first profit
6. If you have any questions reach out to us via the chat function or email us at contact@oddsjam.com
