**NFHS Rules**

1. A SK by K12 is partially blocked in the NZ by R56. The SK goes beyond the NZ where R80 is trying to gain possession but muffs the ball back behind the NZ. K 34 picks up the ball behind the NZ and advances for a TD. **Ruling: Correct. K34 picked up the ball behind the NZ. The muff by R80 is not possession so the SK had not ended. The spot where the recovery happened is the only thing that matters. Any K player may advance.** Rule: 6-2-3 and Case play 6.2.3 Sit. A.
2. FG attempt. R88 is standing in R's EZ near the EL. R88 jumps into the air and blocks the FGA knocking it down and falling in the EZ. **Ruling: Touchback.** Rule 6-3-1 and Case play 6.3.1.
3. K14's punt is partially blocked behind the NZ by R53. It travels airborne beyond the NZ. R65 is in position to catch the ball but the ball touches K55's helmet first. R61 recovers the ball. **Ruling: R 53's touching is ignored. Since R65 was in position to catch the ball it is KCI by K55.** Rule 6-5-6 and Case play 6.5.6 Sit. A.
4. After a high punt R32 catches the ball, runs 2 yards, stops, and gives a FC signal. The crew calls this an invalid FC signal and enforces the foul as a PSK foul. **Ruling: Incorrect. This is an illegal FC signal. The foul occurred after the kick had ended (possession) therefore it cannot be a PSK foul.** Rule 2-9-4, 6-5-8 and Case play 6.5.8 Sit. A.
5. R87 and R80 are back to catch a punt. R80 catches a punt and starts to advance. After R80 starts to advance, R87 gives a fair catch signal and R players stop playing around him. The BJ throws a flag for illegal fair catch signal. **Ruling: This is not a foul. Only the runner can give an illegal fair catch signal. Play should continue.** Rule: 6-5-8 and 6.5.8 Sit B.
6. K10's punt is low and hits K60 in the shoulder in the NZ. The ball is blown dead and first touching is signaled by the U. **Ruling: Incorrect. This touching of the punt is ignored as it occurred in the NZ.** Rule: 6-2-6
7. R81 and R83 are back to receive a punt. The kick is high. R81 gives a proper fair catch signal, yet R83 catches the ball and is immediately hit by K25. The BJ throws a flag for KCI on K25. **Ruling: Incorrect! Once R83 catches the ball it is dead, and the BJ needs to blow his whistle. However, R83 is not afforded protection as R81 was the player who signaled for the fair catch.** Rule 3-5-5c

**OHSAA Mechanics**
