

MJeezy

Music | Music producer | Musician | underground

MJeezy is a musician who grew up in a family of architects and musicians. Growing up, he dabbled with numerous instruments – from the violin and the guitar to the piano and the oud; the only one that stuck around throughout the years were the drums. After joining architecture school, MJeezy did not have much time to dedicate to drumming – so he learned how to produce music instead. He started his music production journey in 2015 and produced his first record professionally in 2017.
