

## Sam Wheat

Songwriter | Music producer | Mixer | United Kingdom

Sam is an international music producer, songwriter, and mixer who has worked on projects around the world both remotely and on location. He has recently been spending time in the US, China, Africa and Europe.

Over the course of his career, Sam has worked on the Grammy-winning Album 'Damn' by Kendrick Lamar and recorded the Oscar-winning title song 'Glory' by Common and John Legend for the film 'Selma'. He is a specialist in mixing live shows. After mixing The Rolling Stones' legendary concert from Hyde Park in 1969, Sam has become the go-to mixer for their legacy catalog and has to date worked on 12 titles over 5 decades. He has also worked on live shows as well.
