R&B/Hip Hop producer | composer | Bahrain

Bahraini artist Sarah Nabil is the first female R&B/Hip Hop producer and composer in her home country. She discovered her passion for music when she was 9 years old and self-taught on the piano, ultimately coming up with original compositions. At 17, she discovered the art of music production and knew that that was what she wanted to do. Around that time, she met DJ Outlaw who has since become her mentor. Since then, Sarah has been working on developing her skill-set and collaborating with regional R&B and hip-hop artists.
