

Granular customers receive 5% off the Onduo virtual care program.

Personalized virtual whole health solutions for your employees

Onduo makes getting healthy easy for your employees

Our innovative virtual care solution meets your employees where they are—delivering an app, personalized care journeys, individualized coaching, free tools and supplies, and telemedicine access to Onduo physicians and specialists.

Creating personalized care plans for each employee—The end of “one size fits all care”

Our tech-led approach applies cutting-edge data science and AI to understand your employees' needs, conditions, and behaviors, to provide a personalized care plan that supports their unique needs.

The Onduo program supports members living with multiple chronic conditions including:

- > Type 1 & 2 diabetes
- > Weight loss
- > Diabetes prevention
- > Hypertension/high blood pressure
- > And mental health

Available in Spanish*

* Support available for an additional 44 languages.

Onduo inspires meaningful change and delivers significant clinical outcomes

Onduo improves health outcomes for members and reduces costs for their employers. The 3Ds: doctors, drugs, and devices provide access to essential support and tools like telemedicine access to endocrinologists and psychiatrists, medication management, continuous glucose monitors, and more.

Sometimes these goals can't be reached all alone. With y'all, I don't feel alone, thanks so much. I can't say thank you enough. You make my life a little easier.

Member, Age 60

We manage member engagement marketing so you don't have to

Developed by our team of healthcare consumer marketing experts, our program is designed to interest, excite, and engage employees, driving them to enroll and start their individual journeys to "healthy." And we don't mean to brag, but Onduo members love us.

NPS (Net Promoter Score) of **78**

Our results speak for themselves

1.2%

reduction in A1C¹

3.3%

reduction in A1C in high-risk members²

13%

average systolic reduction in our hypertension program³

10.9%

weight loss after one year in healthy weight⁴

83%

of members working on building resiliency³

And the results are lasting—
with demonstrated improvements in A1C at both six months and one year.⁴

Onduo offers an easy, near turnkey solution for you

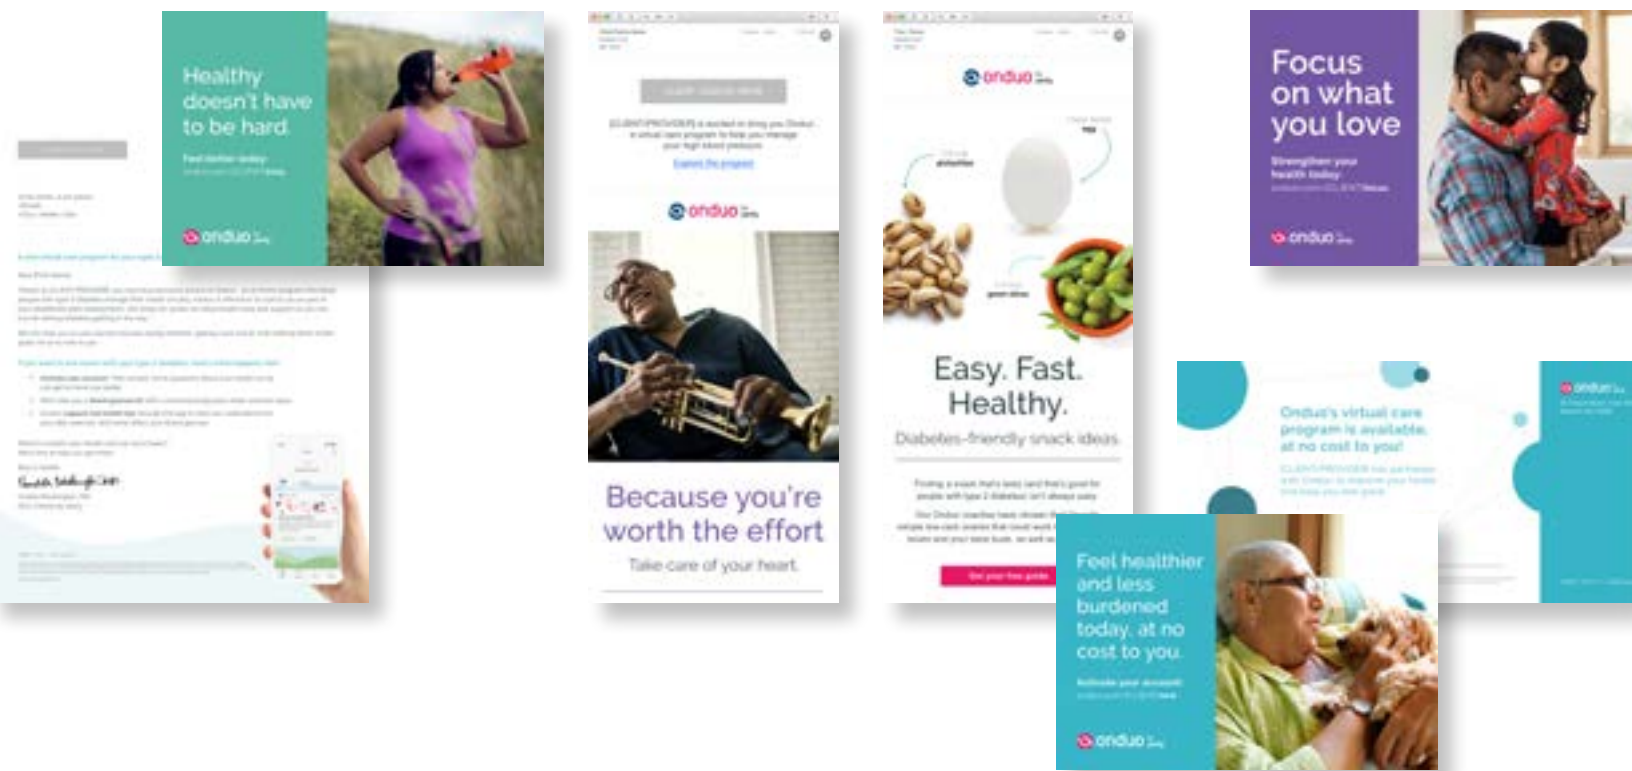

Prior to implementation kick-off, you'll be assigned an Account Director who will guide you and your team through the onboarding process. Working with your team, we set up a secure FTP site for data file transfer and then share marketing materials that you can use in open enrollment or employee communications.

Your Account Director will stay assigned to you following implementation to help ensure a positive experience for your organization and will deliver engagement reports every quarter.

Billing is easy too!

Onduo bills on a per-engaged employee per-month cadence; either through bundled medical claims or quarterly invoicing.

Let's talk about how you can maximize return on investment for your organization and help your employees get on their path to "healthy!"
