Shawn Mullen – CTO

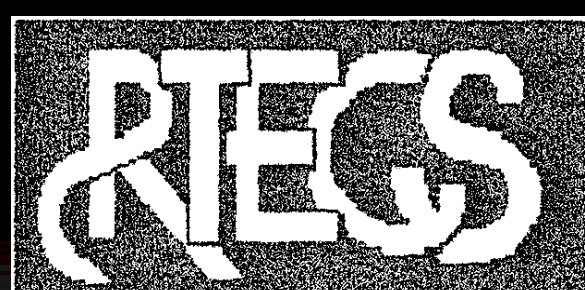

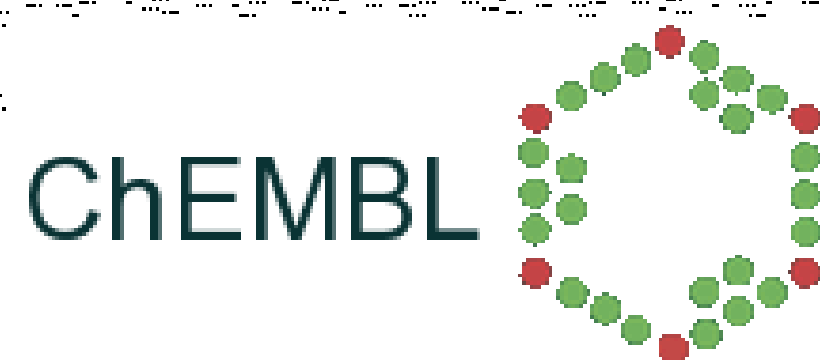

About Us

- Founded in 2003 (formerly Expert Publishing)
- Content-aggregator focused on chemical hazard and toxicology content
- Chemical-intensive industries
- Chemical safety professionals

Our Content

- >335 Collections (Proprietary, public domain, grey literature)
- ~700 Lists
- >10M Documents
- ~1M Chemicals with >8M terms/synonyms
- Primarily secondary literature

Examples

Our Functionality

- Search 500+ websites with a normalized look and feel
- Harmonized chemical nomenclature
- Encyclopedic approach designed for decision-support

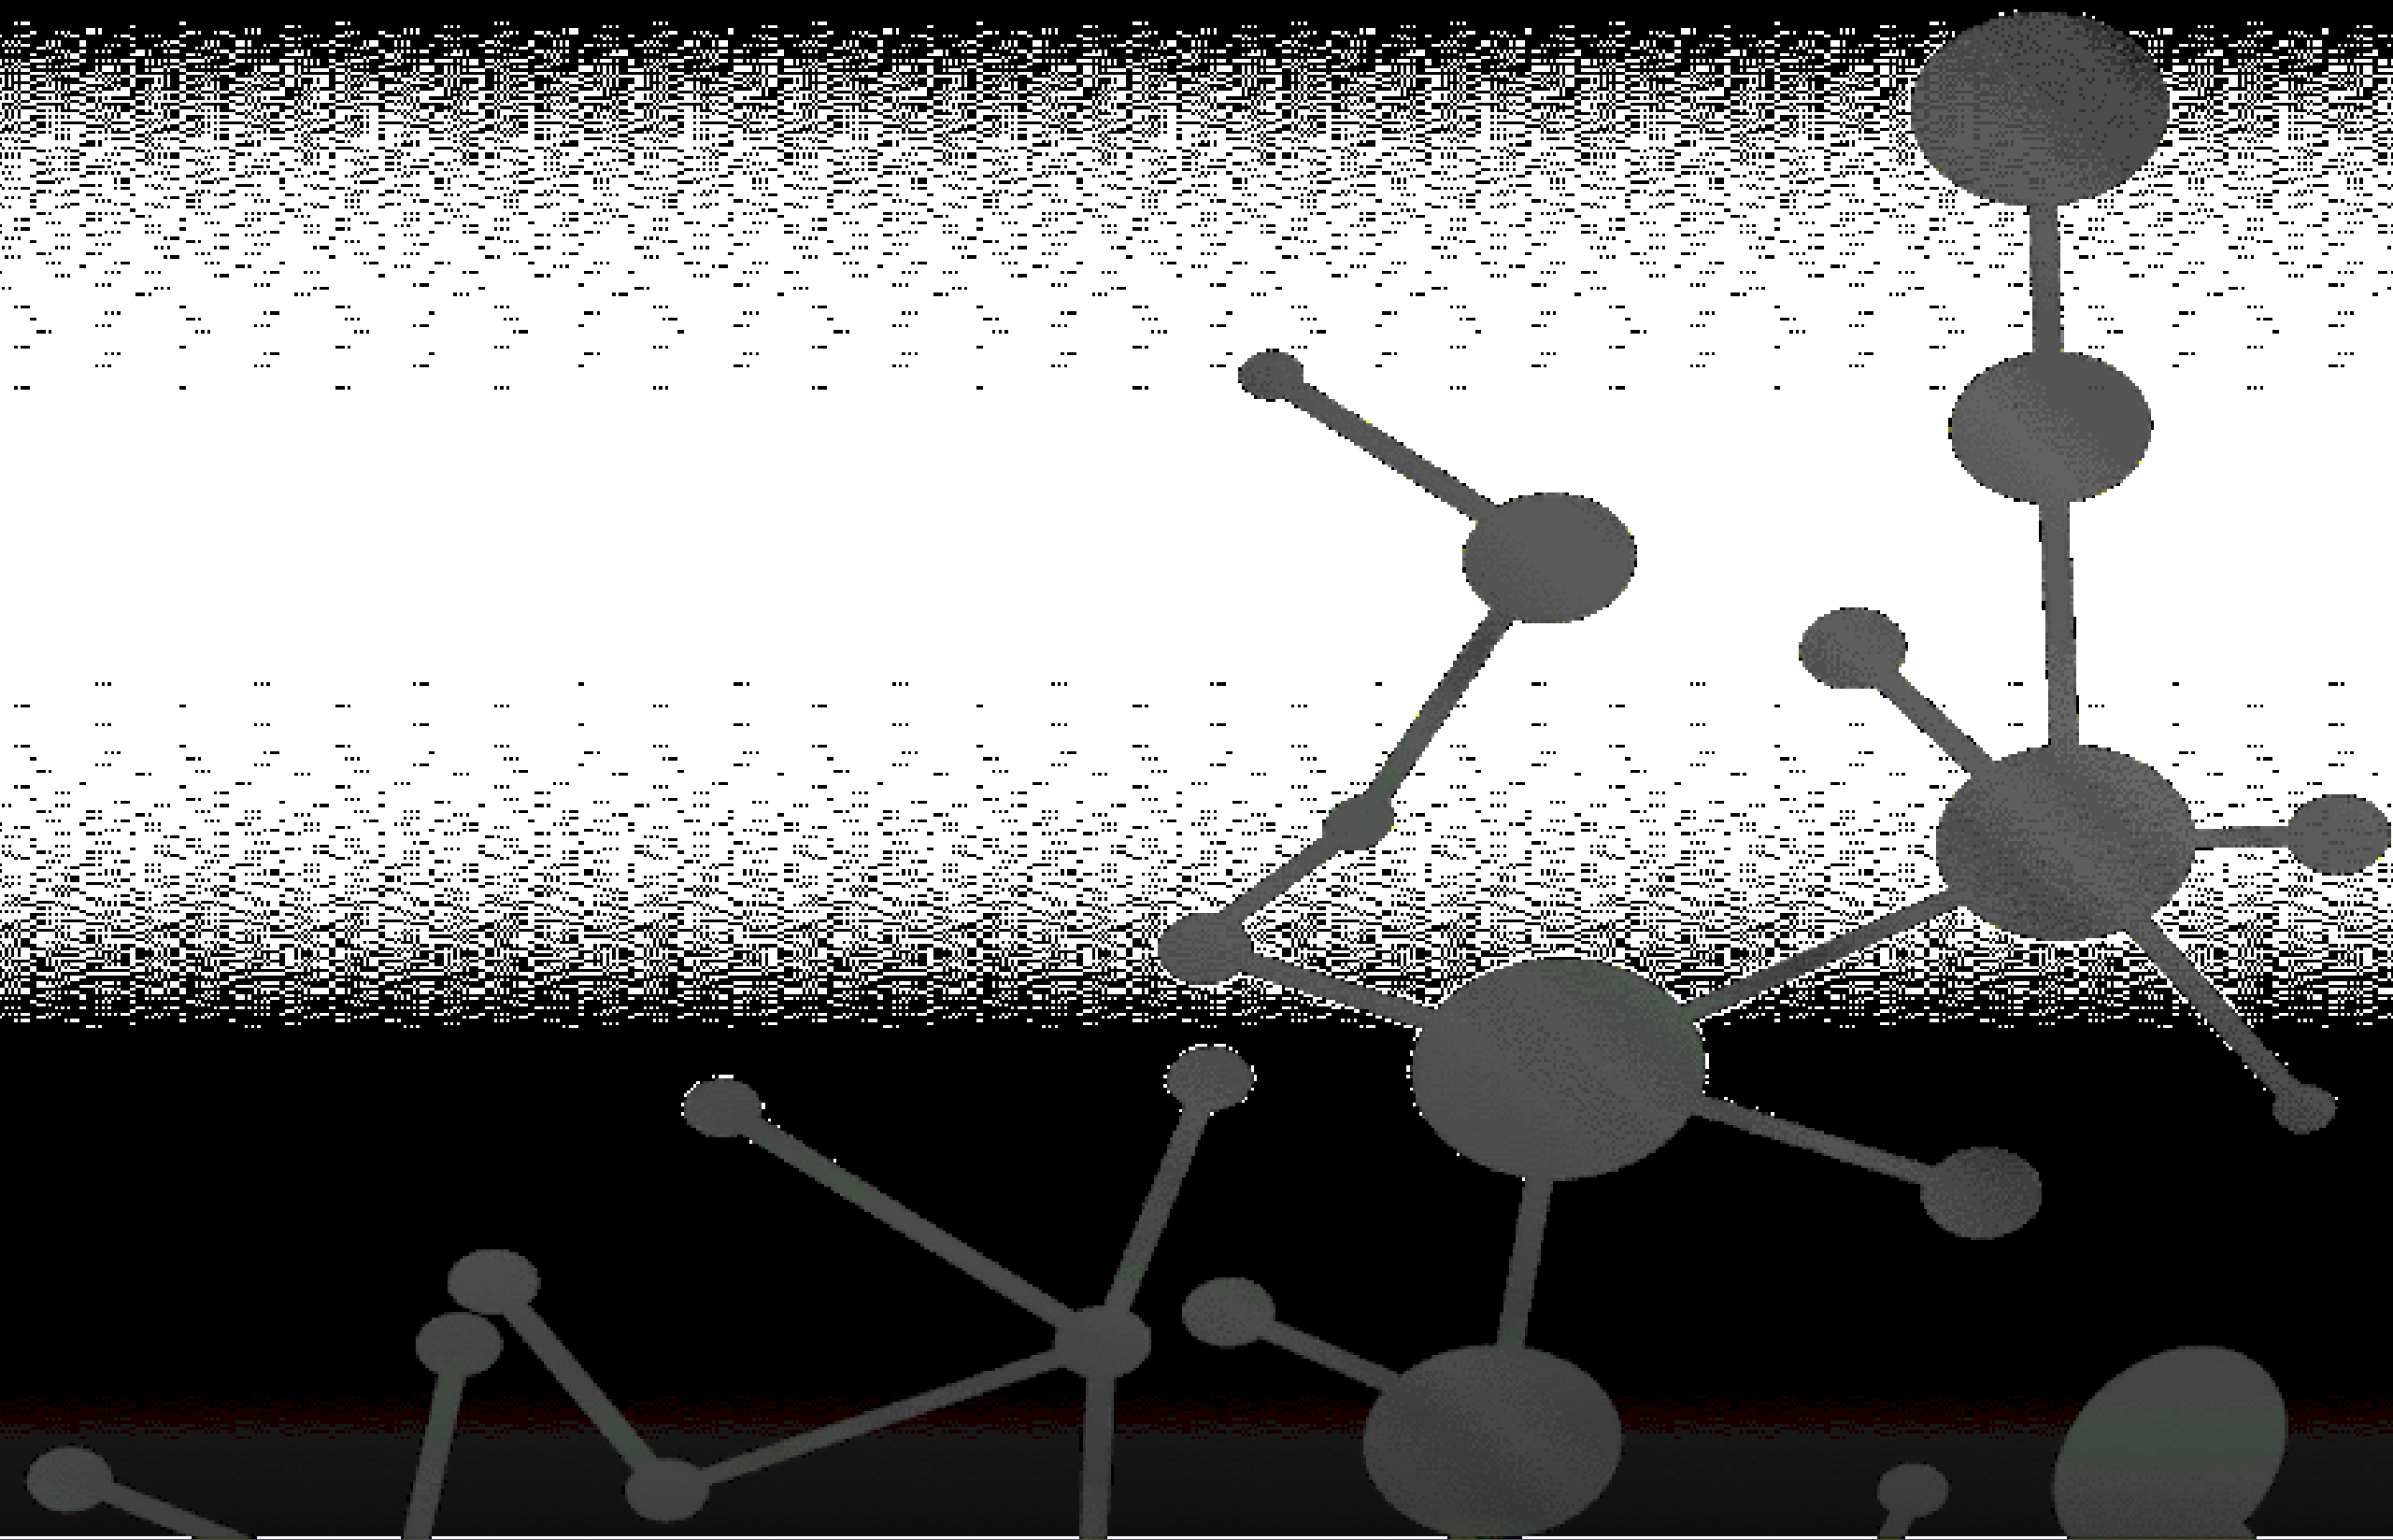

Demo

<https://search.toxplanet.com/expublogin.aspx>

Last 5 Years

- Convergence of the chemical information and chemistry spaces (e.g. CompTox & PubChem)
- Increased reliance on structure-based nomenclature (e.g. InChiKey)
- Use of analogs (Read-Across & Alternative Assessments)
