Virtual Summer Opera Camp

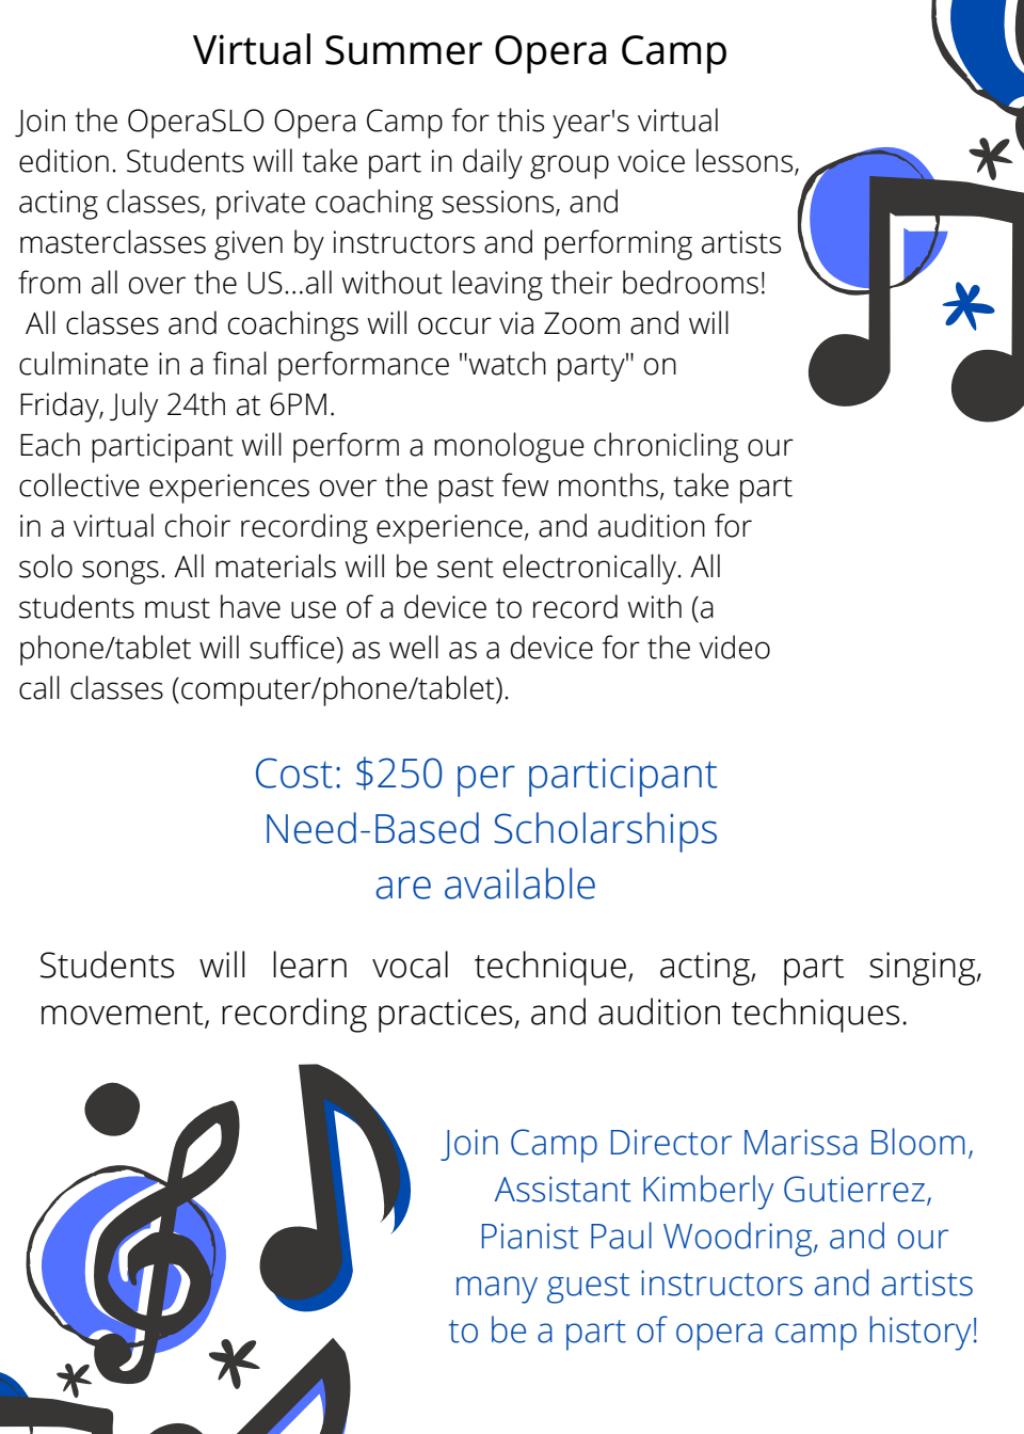

Join the OperaSLO Opera Camp for this year's virtual edition. Students will take part in daily group voice lessons, acting classes, private coaching sessions, and masterclasses given by instructors and performing artists from all over the US...all without leaving their bedrooms!

All classes and coachings will occur via Zoom and will culminate in a final performance "watch party" on Friday, July 24th at 6PM.

Each participant will perform a monologue chronicling our collective experiences over the past few months, take part in a virtual choir recording experience, and audition for solo songs. All materials will be sent electronically. All students must have use of a device to record with (a phone/tablet will suffice) as well as a device for the video call classes (computer/phone/tablet).

**Cost: \$250 per participant
Need-Based Scholarships
are available**

Students will learn vocal technique, acting, part singing, movement, recording practices, and audition techniques.

A decorative background on the right side of the page features large, stylized musical notes in black and blue, along with small white stars, all set against a white background.

Join Camp Director Marissa Bloom,
Assistant Kimberly Gutierrez,
Pianist Paul Woodring, and our
many guest instructors and artists
to be a part of opera camp history!
