Optimity Terms & Conditions

1. AGREEMENT FORMATION

1.1 The purpose of these Optimity Terms and Conditions is to provide general terms and conditions (“General Terms and Conditions”) and a framework within which Customer may from time to time purchase for its use certain telecommunications and related services from Optimity. Additional terms and conditions that apply to each particular type of Service purchased by Customer are set forth in the Appendices hereto as Service Schedules. Customer may request Services from Optimity by submitting Optimity’s form of Statement of Work in accordance with these Optimity Terms and Conditions. All Statements of Work are subject to availability and acceptance by Optimity.

1.2 These Optimity Terms and Conditions supersede all other terms, conditions and warranties which are implied by law or which the Customer may purport to apply under any purchase order, acknowledgement of delivery or similar document or otherwise; and/or which have been established between Optimity and the Customer by course of dealing, unless Optimity and Customer have mutually negotiated, executed and delivered a separate master services agreement for provision of Service(s) to Customer, in which case the terms and conditions of such master services agreement shall replace these Optimity Terms and Conditions.

1.3 The entire Agreement is formed of these Optimity Terms and Conditions (including both the General Terms and Conditions and Service Schedules relevant to the Equipment/Services being provided) and the Statement of Work.

1.4 If there is any express conflict between the General Terms and Conditions, the Service Schedule and the Statement of Work, the order of priority (highest first) shall be the Statement of Work, then the Service Schedule, and finally the General Terms and Conditions.

2. TERM

2.1 The Agreement (and the Customer’s liability) commences upon the date that Optimity receives an order in respect of a signed Statement of Work from Customer, and shall continue thereafter until such time as Optimity is no longer providing Customer with Service(s) and there are no outstanding Statements of Work, unless earlier terminated in accordance with this Agreement.

2.2 The Term of each Statement of Work shall commence on the date of installation of the service and, continue for the Minimum Term specified therein, and thereafter shall automatically renew for successive periods of 12 months each unless and until terminated in accordance with this Agreement except in the case of wireless fibre network (Wibre) services. Any Wibre Service coming to the end of its Minimum Term or anniversary of commencement on or after 1st January 2021, shall instead be capable of termination by either party on a minimum 3 month’s notice to be given in writing. Statements of Work may not be cancelled or terminated prior to their scheduled expiry date except in accordance with the express provisions of this Agreement

2.3 The Customer may terminate a Statement of Work by giving ninety days’ Notice in writing to Optimity, such notice to become effective no earlier than the scheduled expiry of the Minimum Term of such Statement of Work or upon each such scheduled expiry date thereafter (as applicable). If the Customer does not elect to deliver such Notice, the term of the relevant Statement of Work will continue to automatically renew as above.

3. CUSTOMER OBLIGATIONS

3.1 The Customer shall be responsible for providing Optimity with all information relevant to the supply of the Equipment and the provision of Services within sufficient time to enable Optimity to duly perform the Agreement.

3.2 The Customer shall ensure that the details set out on the Statement of Work are accurate and fully describe the Customer’s requirements.

3.3 the Customer shall permit or procure permission for Optimity, its agents, employees, representatives, sub-contractors and any other person(s) authorised by Optimity to have reasonable access to the Site, Equipment, Supported Equipment and any other relevant telephone system and other equipment and shall provide such reasonable assistance as Optimity requests.

3.4 Optimity will normally carry out work by appointment and during Normal Working Hours but may request the Customer to (and the Customer shall) provide access at other times.

3.5 The Customer warrants, represents and undertakes that there are adequate health and safety provisions in place at the Site, there is a suitable and safe working environment, and that the Customer holds third party public liability insurance with a level of cover of at least the minimum required by Relevant Law.

3.6 The Customer shall procure all consents, licences, wayleaves and permissions necessary from landlords or other third parties for the carrying out of preparation work, installation of Equipment and for the provision, use and operation of the Equipment, the Supported Equipment and/or Services at the Sites (save to the extent Optimity has agreed in writing to do it) and keep them in effect for the duration of the term of the relevant Statement of Work. The Customer shall provide copies of such consents, licences and permissions to Optimity upon request.

3.7 Where relevant, the Customer shall provide Optimity with the site and building plans (to include full details of all internal cabling runs) of the Sites and provide Optimity with full details of all other services in the vicinity of the proposed works.

3.8 If the new installation or moving Site involves the visit of an engineer to facilitate the new installation, the Customer may be required to pay for the costs incurred by Optimity for the appointment of the engineer together with an administration fee at Optimity’s standard rate in respect of any additional works required to be undertaken by Optimity to complete the transfer of the Services and Equipment.

3.9 The Customer shall comply with Relevant Laws, and ensure that Customer’s End Users so comply, in relation to the use of the Services.

3.10 The Customer shall not, and shall ensure that its End Users shall not, (a) use the Services in any manner that in our reasonable opinion brings Optimity’s name or business into disrepute or which in any way causes damage or disruption to Optimity’s network, the Services, or any other services or systems operated by Optimity or supplied to us by a third party; and (b) use the Services for any purpose other than that for which it was designed or intended or specified in any materials or documentation Optimity provides to Customer.

3.11 The Customer shall not offer (by resale or otherwise) services which are similar to or competitive with those provided by Optimity to any other customer of Optimity (including internet access or other connectivity services)) except as may be expressly approved by Optimity and set forth in the relevant Statement of Work.

3.12 The Customer shall provide a suitable environment for the equipment such that the equipment remains in good order. The Customer shall be liable

Optimity Terms & Conditions

if the environment is such that it impacts the condition of any Optimity equipment.

4. FRAUD/SECURITY

4.1 The Customer shall ensure that user names and passwords used by it and/or its personnel and/or users in connection with the Services are kept secure and confidential always and are only used by authorised users. The Customer shall inform Optimity immediately if the Customer knows or suspects that a user name or password has been disclosed to an unauthorised user, or is being used in an unauthorised way, or if there is any illegal, fraudulent or unauthorised use of the Services or Equipment. The Customer will not change or attempt to change a user name without Optimity's written consent.

4.2 Optimity reserves the right (at Optimity's sole discretion):

4.2.1 to suspend access to the Services by one or more user names if at any time Optimity believes that there has been or is likely to be a breach of security (including a breach of the Customer's obligations under this condition; and

4.2.2 to ask the Customer to (in which case, the Customer shall) change any or all the passwords the Customer's uses in connection with the Services.

4.3 The Customer will inform Optimity immediately of any subsequent changes to the information the Customer supplies to Optimity in connection with the Agreement.

4.4 The Customer accepts and acknowledges that the Services are not guaranteed to be secure and Optimity does not guarantee the prevention or detection of any unauthorised attempts to access the Services.

4.5 The Customer acknowledges that Optimity has no control of a Customer's PABX/switch configuration, voice mail security or other feature services enabled by Customer, and Optimity shall not be responsible for any such matters within Customer's control.

4.6 Optimity shall not be responsible for call charges or other charges resulting from fraudulent and/or unauthorised use of the Equipment and/or Services or any use of the Equipment and/or Services by any unauthorised third parties (who are not employees of Optimity). The Customer shall be responsible for all use of the Services in association with the Customer's accounts whether or not authorised by the Customer. The Customer agrees to immediately notify Optimity of any unauthorised use of the Customer's account of which the Customer becomes aware and the Customer agrees to pay all additional charges related to fraudulent and/or unauthorised usage. The Customer is therefore urged to verify with their equipment provider that all necessary steps to combat fraudulent and/or unauthorised use have been taken.

4.7 Any assistance given by Optimity in relation to fraudulent and/or unauthorised use by the Customer or third parties (or the prevention of such use) will be on a reasonable endeavours basis only and no liability can be accepted by Optimity for any loss sustained by the Customer via fraudulent and/or unauthorised means that are beyond Optimity's reasonable control (save for any fraud and/or authorised use by an employee of Optimity acting in that capacity).

4.8 The Customer shall, at all times, be responsible for preventing unauthorised use of the Equipment and/or Services; (a) maintaining the security of all systems, Services, network elements and Equipment within its (or its employees', agents' or contractors') control; and (b) maintaining (and ensuring that each of its authorised users maintains) at all times, the integrity and secrecy of all passwords, log-in details and access codes used for the purposes of accessing or using the Services or any systems, network elements or Equipment. Optimity shall have no liability for any such matters.

5. CHARGES

5.1 Any invoices issued by Optimity in respect of the Charges shall, save in the case of manifest error, be final, conclusive and binding on the Customer.

5.2 The Charges will be as detailed on the Statement of Work. The Charges may include One Time Charges, Monthly Recurring Charges and/or Usage Based Charges.

5.3. Unless otherwise specified in the relevant Statement of Work, the One Time Charges assume that the Delivery of the Equipment and (where applicable) Installation Services will be completed in one visit to the Site and accordingly Optimity may at its discretion at any time increase the One Time Charges to take account of any additional costs to Optimity (including but not limited to storage and delivery costs) reasonably incurred in the event that Delivery and/or the Installation Services require more than one visit.

5.4 Usage Based Charges payable shall be calculated by reference to data recorded or logged by Optimity and not by reference to any data recorded or logged by the Customer.

5.5 Optimity shall be entitled to increase the Charges for Services upon the automatic renewal of the term of the relevant Statement of Work, and every subsequent anniversary thereof, by the increase (if any) in the rate of RPI since the commencement of the Service or applicable renewal.

5.6 The Charges will be as stated on the Statement of Work and are exclusive of VAT or any other tax or duty payable which will be added at the prevailing rate at the date of the invoice.

Optimity Terms & Conditions

6. INVOICING AND PAYMENT

6.1 Unless otherwise stated on the Statement of Work, a deposit equal to at least one half of the One Time Charges is payable by the Customer at the time of the placing of the relevant order, and the balance of such One Time Charges shall be invoiced to Customer upon the Commencement Date of the relevant Service(s).

6.2 Unless otherwise stated on the Statement of Work, the Customer shall be invoiced either monthly in arrears for Usage Based Charges or, in the case of Network or Support Services, quarterly in advance for Monthly Recurring Charges by Optimity, and shall pay any Charges within thirty (30) days of the date of the invoice (unless otherwise expressly agreed with Optimity and set out on the Statement of Work).

6.3 Unless otherwise stated on the Statement of Work, the Customer will pay the Charges to Optimity by direct debit (to such account as Optimity may designate from time to time for that purpose) in advance of the relevant period as set out on the Statement of Work.

6.4 If payment of any sum payable to Optimity is not made on or before the due date, Optimity shall be entitled to charge interest thereafter on such sum at either the rate of four per cent per annum above the current base rate of The Royal Bank of Scotland plc from time to time or, if higher, such rate as Optimity would be entitled to claim under the Late Payment of Commercial Debts (Interest) Act 1998 (such interest being deemed to accrue from day to day and being compounded on the last day of each calendar month) from the due date until the date of payment whether before or after judgment.

6.5 If Optimity is unable, for whatever reason, to recover any sum due under the Customer's account within thirty (30) days following the due date for payment, Optimity reserves the right to forthwith suspend all or any of the Services.

6.7 Without prejudice to Optimity's other remedies, if the Customer's account remains outstanding for any reason after the original due date for payment, then the Customer will be charged an administration fee at Optimity's standard rate for correspondence in connection with the recovery of the overdue amount. Optimity may also charge the Customer an administrative fee where it suspends a Network Service for non-payment; and Optimity reserves the right to refer the outstanding account to a debt collection agency. If Optimity instructs a debt collection agency to collect payment (including interest and late payment charges) on its behalf the Customer must pay Optimity's costs payable to the agency, who will add the sum to the Customer's outstanding debt.

6.8 If the Customer cancels an active direct debit instruction following the Effective Date, an additional administration fee may be notified to the Customer by Optimity and will be added to the monthly invoice until the direct debit instruction is reinstated. Optimity also reserves the right to charge the Customer a direct debit cancellation fee at Optimity's then applicable rate.

6.9 If any sum owed by the Customer to Optimity under the Agreement or any other contract with Optimity is not paid by the due date, Optimity may deduct this sum from any payment or credit due to the Customer under the Agreement or any other contract with Optimity.

6.19 Payment of all sums due to Optimity shall be made without any set-off whatsoever.

6.11 If the Customer intends to dispute any charge on an invoice, the Customer must do so in writing to Optimity within thirty (30) days of the date of the invoice and provide Optimity with all relevant information in support of the dispute. Where the disputed charge(s) amount to:

6.11.1 less than five per cent of the total charges listed on the invoice, the Customer will pay the full amount of the invoice; or

6.11.2 more than five per cent of the total charges listed on the invoice, the Customer must pay the remaining amount of the invoice that is not in dispute.

7.4 Except for payment of amounts due under the Agreement, neither party shall be liable to the other party for any breach of contract, tort (including but not limited to negligence) misrepresentation, breach of statutory duty or otherwise caused by any reason outside the reasonable control or responsibility of that party including, in respect of Fixed Network Services supplied by Optimity, the failure of any Carrier to provide network capacity and/or connectivity (or any element thereof) to Optimity on which it was reliant for the purposes of the Agreement, any act of God, terrorist attacks, inclement weather, accidental damage, vandalism, failure or shortage of power supplies, flood, drought, lightning or fire, strike, lock-out, trade dispute or labour disturbance, any act or omission of Government, highways authorities, or other competent authorities, or other event beyond the control of the parties.

7.6 The Customer agrees that any cause of action that it may have against Optimity (including, its (or their) affiliates, directors, officers, agents, consultants and employees) must commence within two (2) years after the cause of action arose, otherwise, the Customer's cause of action is permanently barred.

Optimity shall have no obligation to indemnify Customer in the event that the claimed infringement arose or resulted from: (1) Customer's use of the Service in combination with equipment, software or equipment which was not supplied by Optimity; (2) any modification of the Service(s) or Equipment without Optimity's written authorisation; (3) use of the Service(s) in a way not permitted by this Agreement. If Customer's use of the Service(s) leads to a claim of such infringement, or if Optimity reasonably believes that it may lead to one, Optimity shall have the right, at Optimity's option, to (x) obtain the right to permit Customer to continue to use the Service(s) without infringement; or (y) modify or replace the infringing elements of the Service(s) to eliminate the infringement, so long as the Service(s) are not materially adversely affected thereby.

9.2 The Customer shall not have access to any data stored through the Hosting Services during a suspension. The Customer shall have the opportunity to create a snapshot backup of the data stored through the Hosting Services, and the Customer shall pay Optimity the applicable charges for undertaking such a backup, in accordance with Optimity's then current charges. Upon the cessation of Hosting Services, Optimity will not retain any of Customer's data for more than thirty (30) days unless a Statement of Work to provide for such extended retention and costs thereof is agreed.

Optimity will also determine whether any details or information used by Optimity to determine the Charges applicable or any other terms of the Agreement, whether supplied by the Customer or otherwise, are accurate and not misleading. This includes documentation errors
 - d. **P4. Request.** A severity four issue is for a change request for a remote configuration change to existing Services or a general usage question or recommendation for a future product enhancement or modification. There is no impact on the quality, performance or functionality of the product.
