

Year(s) of Record: 2021-2022

Solaris Paper AFH LoCor® and Livi® VPG branded bath tissue products are fully dispersible and will not harm septic tanks and sewer systems with normal and appropriate product use.

The bath tissue product is independently tested in laboratories for water dispersion and meets or exceeds the limits of what is considered safe for septic and sewer systems, and is septic safe when used appropriately and under normal use conditions, including a well maintained septic system.

Solaris Paper, Inc. assumes no liability for any costs that may be associated with a clog, including (but not limited to) plumbing or repair costs associated with product misuse or poorly maintained septic system(s).

If you need further information regarding our bath tissue product specifications, please contact your Solaris Paper sales representative.

Thank you.
