| Friday 7 th | : | NO Swimming Lessons for Year 5. Orchard and Forest Class will swim as usual |

Dear Parents/Carers,

It has been an incredibly busy, and at times challenging year and I cannot believe this is the final Weekly News edition for this academic year...time really has flown!

It is now time to say a fond farewell to a few pupils leaving us throughout the school and also to our Year 6 pupils. They will all be missed and we are incredibly proud of them! We wish them every success and happiness for the future.

We would also like to say thank you to two members of staff who are leaving us next week. Mr Jones is heading to a special school in Hampshire and Miss Moore, our teaching assistant is off to further her career in education. We thank them both and wish them all the very best for the future! We would also like to send our best wishes to Mrs Hickman and her family as she starts her maternity leave at the beginning of the Autumn Term.

We look forward to welcoming Mrs Gemma Ralph, who will be our new SENCo from September. She will be working on Monday, Tuesday and Wednesday each week. We will arrange times for parents to meet Mrs Ralph and discuss issues with her.

We have really appreciated the support from parents and carers this year. This includes the Parklands School Association who have once again been extremely generous, helping to provide extra resources for all the pupils throughout the school. Thank you to everyone – we are very grateful!

I would personally like to thank all the staff and members of the Governing Body for their hard work and support this year. Everyone is so committed to Parklands, a dedicated and talented team who provide the very best education for our pupils.

On behalf of the staff and governors, I would like to wish you all a very happy and relaxing summer break.

We look forward to seeing the children again on Wednesday 5th September.

With all good wishes,

Alesa J. Henham

Taking action on plastic...

Each year millions of tonnes of plastic finds its way into our oceans polluting the seas and harming the creatures that live in it.

Plastic doesn't decompose, it just gets smaller. Over time a single plastic bottle can break up into over 10,000 pieces of micro plastic, these very small bits of plastic can be poisonous to our marine life.

This poor turtle thinks it is about to have a nice lunch but it will be his worst meal ever.

As well as being 100% recyclable, the bottles we supply are designed to be a "bottle for life" and will last for as long as they need to be used. We will only be providing our new intake with new water bottles but, for now, we will be able to provide replacement lids for free. It will help save our environment and can save you money too.

Together we can help protect our precious environment.

Thank you:

Thank you to everyone for coming to the fashion show and the models, who were brilliant!

The PSA would like to thank everyone for their support over the year and that we have donated £8k to the school for the new outdoor running track which hopefully will be installed over the summer break.

We also look forward to seeing many of you at our welcome back BBQ in September when we may also be opening the new outdoor track.

Thank you

The PSA

School Car Park:

When you are parking in the pickup/drop off area, please remember to switch off your engines and radios.

The fumes from the vehicles are going into the classrooms and the noise from your radios/music is disrupting lessons.

Thank you for your cooperation.

AUTUMN TERM 2018
