SANDERSTEAD PARISH COURSES

PRAYER MINISTRY TRAINING

Date: Sunday 23 August 3-4pm

We currently offer healing prayer at the first Sunday service. It would be great if we could offer Prayer Ministry every week!

This will require an expanded team of prayer ministers. It could be you..!

for my house will be called a house of prayer for all nations. Isaiah 56:7

Training will be provided – all welcome who think you could stand alongside others as the Lord ministers to them (or just to find out – no commitment). Existing ministers invited too.

Please e-mail rector@sanderstead-parish.org.uk to indicate that you plan to attend or if you would like to but can't make that date. Further dates to follow.

WITNESS COURSE

Dates: to follow

The Witness Course aims to help you explore and capture your faith journey into a testimony that you can write down. There are three sessions:

1. Growing as a disciple and prayer
2. The bible story and my story
3. The ABCD of faith and sharing my story

⁸ But you will receive power when the Holy Spirit comes on you; and you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth."
(Acts 1:8)

The course helps build confident faith, helps us explore our relationship with Jesus and **may** offer the opportunity to share with others (but that is up to you and the works of the Holy spirit!)

To find out more ask me over coffee or e-mail rector@sanderstead-parish.org.uk

Please pray: *"Lord, lead me to the people you want to have on the Alpha course in September. Give me the courage to invite them and the wisdom to know that you have prepared them for the invite!" In Jesus name we pray. Amen!!*

Green Team Tip of the Week

Here's another Tip of the Week to help you be even better stewards of God's lovely creation (and probably save you money too!)

Tip 24: Save a cow - Eat one meat-free meal a week

Swapping just one meat-based meal a week, for a plant-based option, is a simple step with surprisingly powerful benefits for both your body AND the planet. Incorporating more fibre-rich legumes and vegetables supports healthy digestion and promotes heart health by reducing saturated fat intake. Environmentally, skipping meat for just one meal a week not only lowers your personal carbon footprint, reduces your risk of diabetes and colon cancer but even saves quite a bit of water, believe it or not, and that's a BIG bonus. It is an easy, low-pressure habit that makes a real impact while encouraging you to discover delicious new flavours. Google "delicious meat free meal recipes" for tips.

Finally, remember, even the combined might of All Saints and St Anthony's can't save the planet alone, so please SPREAD THE WORD.
