# A New Chapter in the Parudeesa Story

Parudeesa is more than a name; it's a quiet promise of elegance, warmth, and belonging. Rooted in the rich cultural soul of Kerala and elevated by a modern, global outlook, our newest offering brings this vision to life as a private, gated enclave spread across 12 acres of lush, serene land. Here, beautifully designed homes are surrounded by nature, shaped by thoughtfulness, and crafted to the highest standards.

Each home is more than just a structure it's a sanctuary. A space where architecture meets emotion, and every detail is designed to care for those who live within. Because at Parudeesa, we believe a true home doesn't just shelter you, it nurtures you.

# Chairman's Message

Dr. Tenison Chacko

**Parudeesa was never meant to be just another housing project. It began as a vision to create a place where life could unfold naturally, beautifully, and peacefully.**

Inspired by the deep cultural roots of Kerala and shaped by modern aspirations, Parudeesa is designed to be more than a place to live; it's a place to truly belong.

We don't see our residents as customers. To us, they are part of a growing family. Our promise is simple: build homes that care for people, create communities that support one another, and offer spaces that breathe life and warmth.

This book is a reflection of the values that define us and the principles that will continue to guide us as we build for the future together.

**Welcome to Parudeesa. Where elegance meets luxury.**

# Our Principles

# Homes of Quiet Elegance

At Parudeesa, we design with empathy and deep respect, especially for those who've dedicated their lives to service. Every home is thoughtfully created to offer comfort, ease, and dignity in this new chapter of life.

Nature flows through each space. Shaded courtyards, green landscapes, and scenic views bring a sense of calm and freshness to everyday living.

Our architecture blends timeless elegance with Kerala's heritage, simple to maintain, graceful to live in, and built to last.

Wellness is built into the foundation. Natural airflow, smart systems, and health-friendly layouts come standard, supporting your well-being at every step.

Every detail matters. From step heights to window placement, every element is crafted for both beauty and comfort, offering quiet, lasting luxury.

**Built**  
**On Trust**

# Crafted with Integrity. Backed by Excellence.

We honour every promise. Timelines, transparency, and trust are the pillars we build on. At Parudeesa, our word holds the same value as any contract.

We value every rupee. Budgets are planned with care, ensuring every detail delivers true value not just in quality, but in long-term peace of mind.

We build responsibly. Our materials are chosen with the planet in mind, combining eco-conscious design with energy-efficient, future-ready systems.

We think ahead. From long-term maintenance to climate resilience, every home is prepared for tomorrow so you can live worry-free today.

We evolve with purpose. We listen, learn, and refine, ensuring that every new phase is better than the last, guided by experience and delivered with grace.

**A Life**  
**Together**

# Community Living, Enriched by Care and Connection.

We design spaces that bring people together. From serene courtyards to shaded walkways and elegant dining areas, every corner is made to spark connection and meaningful conversations.

We build with local soul. By partnering with regional artisans, craftsmen, and suppliers, we honour the land and traditions that shaped us while supporting the community that surrounds us.

We welcome everyone with grace. Our homes and shared spaces are thoughtfully created to be inclusive offering ease, comfort, and dignity across all ages and abilities.

We celebrate life's moments. Whether it's a festival, a birthday, or a quiet evening gathering, our community calendar brings warmth, joy, and belonging to everyday life.

We create more than amenities; we build thoughtful lifestyles. From wellness and fitness hubs to hobby corners, spiritual spaces, and emergency support, everything is designed to nurture well-being, connection, and peace of mind.

The background is a solid dark green. On the left side, there are several stylized, light green outlines of leaves and stems, arranged vertically and slightly overlapping. The text 'Rooted In Humanity' is positioned on the right side of the image. 'Rooted In' is in white, and 'Humanity' is in a lighter green color, matching the leaf outlines.

# Rooted In Humanity

# Led with Heart. Built by People.

We choose people with heart. Skills are important, but we value kindness, commitment, and a shared sense of purpose even more.

We believe in growing from within. Many of our team members have risen through the ranks from interns to designers, from workers to leaders. We support growth at every stage.

We work as one team. No matter the role, every voice matters. We listen, support, and hold each other accountable as equals.

We speak honestly. We don't make vague promises or use confusing words. Clear, honest communication is part of our culture.

We lead by example. Leadership at Parudeesa means serving with integrity not with titles, but through action and responsibility.
