

The background is a deep blue space filled with numerous white stars of varying sizes. Several bright, multi-pointed starburst effects are scattered throughout. In the top right corner, a large, solid orange circle represents a planet or sun. In the bottom left corner, another large orange circle is partially visible. The top left and bottom right corners feature abstract geometric shapes: a green triangle and a purple parallelogram in the top left, and a green triangle and a purple parallelogram in the bottom right. A few small, solid-colored circles (orange and green) are also floating in the space.
