Subject: RE: Porirua City Council Statistical Information on Dog Control Practises 2017/2018

Hi Leonie,

The intention is to make these publically available, so publishing in a newspaper or online would fulfil this requirement, I would suggest online as that's what a lot of other councils do. Over the years the publication of these types of reports has slipped slightly, and this is something that I am actively trying to change as these reports provide valuable statistics and other information that supports informed decision-making.

By sending me the report you have fulfilled sending a copy to the Secretary for Local Government. In future these types of reports must go through dogs@dia.govt.nz this is to ensure these are received, as more than one person monitors that inbox.

If you have any other questions, please let me know, I am happy to help.

Kind regards,
