SUB-S7 Telecommunications and power supply

Submission

Chorus supports SUB-S7 for the following reasons:

- It is most appropriate for the fibre optic network to be installed to the legal boundary of allotments at the time of subdivision. Installation at a later date can result in disruptive earthworks in newly formed road corridors and increased costs for the purchaser of the new allotment.
- The provision of fibre optic cable to the legal boundary of allotments ensures there is a broader range of telecommunications services and providers available to the end user.

Hi Rory, thanks for your email.

I can confirm that I'm happy for relief sought to be "retain as notified" as you suggest below.

Nga mihi,
Andrew

Subject: Proposed Porirua District Plan - clarification of submission from Chorus

Tēnā koe Andrew,

Thanks for the submission on the Proposed Porirua District Plan from Chorus, and for putting it directly into the online portal, it really helps make the process efficient.

You have stated support for SUB-S7, but then put 'N/A' for the relief sought. Would you be happy if the relief sought for these provisions is 'Retain as notified' for the 'Summary of Decisions Requested' report?

Let me know if you have any questions or concerns around this.

Ngā mihi,

Rory
