Dear Commissioners,

Proposed Porirua District Plan – Hearing Stream 1: Over-arching matters, Plan-wide structural issues, Definitions applying across more than one hearing stream

The telecommunication companies (Chorus, Spark and Vodafone) submissions have 11 submission points relevant to Hearing Stream 1¹.

I am pleased to confirm that the two relevant Section 42A reports and recommendations have, in all but one instance, accepted the relief sought through the submissions, and in the instance of where the relief requested was not accepted, it has been accepted in part, and the reasoning provided is accepted by the telecommunication companies.

I have no further comment to make on Hearing Stream 1, however I am available to answer any queries or questions either in writing or via a videoconference that the Hearing Panel may have, should the Hearing Panel not agree with the recommendations made by the Council Officers.

Yours sincerely

Incite
