Proposed Porirua District Plan Hearings Panel
Porirua City Council
PO Box 50218
Porirua 5240

Attention: District Plan Review Hearings Administrator Via email: dpreview@poriruacity.govt.nz

HEARINGS ON THE PROPOSED PORIRUA DISTRICT PLAN – HEARING STREAM 4 SUBMITTER
REFERENCE: CARRUS CORPORORATION 68

Carrus Corporation writes in relation to Hearing Stream 3, scheduled to commence on 3 December 2021. There are several submission points that relate to this hearing stream.

Carrus Corporation agrees with the recommendations in the section 42a report relating to the changes to the infrastructure chapter as follows.

- Policy INF 13 (now15) enabling to no-exit roads.
- INF-S23 improvements to wording for point 1 for no exit roads and point 9 retaining structures in roads.
- INF – Table 1 has been updated and allows for a greater variety of roads widths. We accept the suggestions made by the reporting officer and Council's traffic expert, Mrs Harriet Fraser.

The section 42A reporting officer did accept our recommendation in part. Therefore, Carrus Corporation has requested not to be heard or submit evidence as part of hearing Stream. I do not consider that any further comments or positions need to be recorded. However, Carrus Corporation is available to respond to any questions the Hearings Panel may have.

Should you require clarification of any matter, please contact Linda Bruwer at LB-Urban on 022 391 8106, or by email linda@lb-urban.co.nz

Yours sincerely
