

RMA Form 6

Further submission – Proposed Porirua District Plan

Clause 8 of First Schedule, Resource Management Act 1991

To: Porirua City Council
Email to: dpreview@porirua.govt.nz
Subject: Further submission - PDP
Post: Proposed District Plan, Environment and City Planning, Porirua City Council, PO Box 50-218, PORIRUA CITY
Delivery: Ground Floor, Council Administration Building, Cobham Court, Porirua City, marked "Attention: Proposed District Plan, Environment and City Planning"

Closing date for further submissions is 5pm Tuesday, 11 May 2021

Submissions, a summary of decisions requested and submitter contact details can be viewed at: www.porirua.govt.nz/proposeddistrictplan

Further Submitter Contact Details		
Full Name	<i>Last Name</i>	<i>First Name</i>
	<i>Officer</i>	<i>Bruce</i>
	<i>[insert additional rows if needed]</i>	
Or Company/Organisation Name <i>if applicable</i>		
Contact Person <i>if different</i>		
Email Address for Service	b.officer@andcer.com	
Address	30 Peterhouse Street	
	<i>TAWA</i>	<i>5028</i>

Mail Address for Service <i>if different</i>			
Phone	<i>Mobile</i> 027 321 7319	<i>Home</i> 04 232 8419	<i>Work</i>
Attendance and wish to be heard at the hearing: <i>you must fill in both rows below</i>			
<input checked="" type="checkbox"/> I do wish To be heard in support of my further submission <i>(Please tick relevant box)</i>			
<input checked="" type="checkbox"/> I will consider presenting a joint case with other submitters, who make a similar further submission, at a hearing. <i>(Please tick relevant box)</i>			
Relevance - you must select one box that applies to you:			
<input checked="" type="checkbox"/> I am a person who has an interest in the proposal that is greater than the interest the general public has			
Explain/specify the grounds for saying that you come within this category (you must fill this in): I am a Licensed Radio Amateur with callsign ZL2BCO. I have been licensed for 31 years. I am also the Secretary, and a Radio Amateur examiner of the local Titahi Bay amateur radio club (NZART). I have been a Professional Engineer and I have been involved as an employee in providing telecommunication radio services for the Post Office, Telecom NZ, and Defence.			

Note to person making further submission:

A copy of your further submission must be served on the original submitter within 5 working days after it is served on the local authority.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least 1 of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious:
- it discloses no reasonable or relevant case:
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further:
- it contains offensive language:
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Privacy note:

When a person or group makes a submission or further submission on the Proposed District Plan this is public information. Please note that by making a submission your personal details, including your name and addresses will be made publicly available under the Resource Management Act 1991. This is because, under the Act, any further submission supporting or opposing your submission must be forwarded to you as well as to PCC. There are limited circumstances when your submission or your contact details can be kept confidential. If you consider you have reasons why your submission or your contact details should be kept confidential please contact the Environment & City Planning Team at dpreview@porirua.govt.nz.

Signature of person making further submission (or person authorised to sign on behalf of person making further submission)

Date Friday, 7 May 2021

(A signature is not required if you make your submission by electronic means.)

Your further submission:

Submitter Name/ Submission Number <i>[See submission contact list]</i>	Submitter Address/Email <i>[if provided]</i>	Support or Oppose <i>[Only choose support or oppose]</i>	The particular parts of the submission I support or oppose are: <i>[clearly indicate which parts of the original submission you support or oppose, together with any relevant provisions of the proposal]</i>	The reasons for my support or opposition are: <i>[give reasons]</i>	Allow or disallow <i>[Only choose allow or disallow]</i>	I seek that the whole or part (describe part) of the submission be allowed or disallowed: <i>[give precise details]</i>
TBARC and NZART (Inc) 224.1	peter.lake@xtra.co.nz	Support	The submitter has requested that the rules AR S6-4 and AR S6-5 for urban areas match Rules AR S6-2 and AR-S6-3 as specified for non-urban areas.	The rules as proposed by council would effectively mean that residents in Porirua area would not be able to benefit from a large part of an international radio service. They would be isolated from the rest of the world radio service and Porirua would lose an opportunity to teach electronics, software engineering, robotics and radio engineering to students.	Allow	I request that the whole part of the submission be allowed.
TBARC and NZART (Inc) 224.2	peter.lake@xtra.co.nz	Support	The submitter has requested that the needs for communications disaster relief not be unreasonable impeded	Radio amateurs provide emergency communications – this might mean communications to a yacht in trouble, or the Pacific Islands. Council's proposal will affect radio amateur abilities to provide these life saving services.	Allow	I request that the whole part of the submission be allowed.
TBARC and NZART (Inc) 224.3	peter.lake@xtra.co.nz	Support	The submitter requests that tangible objective "Amenity Values" of the amateur radio service not be sublimated below subjective amenity values	It would seem that council is prepared to trade off visual amenity against life and possible emergency responses and the benefits to individuals in learning important life skills such as electronics. This is a very subjective area where council is trading off community benefit of communications, individual's property rights, and visual amenity.	Allow	I request that the whole part of the submission be allowed.
TBARC and NZART (Inc) 224.4	peter.lake@xtra.co.nz	Support	The values and benefits brought to Porirua City through having a diverse self education response in the area of technologies is something upon which modern society depends.	Modern society relies on individual motivation, a desire to learn and a desire to better oneself. Amateur radio is one of the routes available for this.	Allow	I request that the whole part of the submission be allowed.
TBARC and NZART (Inc) 224.5	peter.lake@xtra.co.nz	Support	The self-regulating aspect of amateur radio enthusiasts.	Amateur radio service is recognized Internationally. Despite the best efforts of international bodies and also of the NZ government support is now needed by local body government.	Allow	I request that the whole part of the submission be allowed.
TBARC and NZART (Inc) 224.6	peter.lake@xtra.co.nz	Support	The role of Amateur Radio Emergency Communications.	Amateur radio is a grass roots capability, it works when all other communications do not work. PCC CD response is based on satellite infrastructure and also the internet working. Amateur radio will work when these do not work. By way of example Defence and CD are able to field perhaps 100 operators and equipment – radio amateurs are able to field perhaps 5000 trained operators and equipment. Amateur Radio provides operators for Search and Rescue, and also for CD emergencies.	Allow	I request that the whole part of the submission be allowed.
TBARC and NZART (Inc) 224.7	Porirua Council: Section 32 Report	Support	Corrections to the Section 32 Report in relation to AREC	Council has correctly identified an unintended fault in the wording of S.32	Allow	Make the suggested amendments to S.32
TBARC and NZART (Inc) 224.8	peter.lake@xtra.co.nz	Support	The historical aspects of amateur radio.	Amateur radio is innovative. It is the proving ground of radio technology that are commercialized – we submit to council that it should not limit the benefit to the community of all of amateur radio.	Allow	I request that the whole part of the submission be allowed.

Your further submission:

Please complete section below and insert additional rows per submission point or submitter if required by using the enter button
Delete examples provided and enter your own further submission points

Submitter Name/ Submission Number <i>[See submission contact list]</i>	Submitter Address/Email <i>[if provided]</i>	Support or Oppose <i>[Only choose support or oppose]</i>	The particular parts of the submission I support or oppose are: <i>[clearly indicate which parts of the original submission you support or oppose, together with any relevant provisions of the proposal]</i>	The reasons for my support or opposition are: <i>[give reasons]</i>	Allow or disallow <i>[Only choose allow or disallow]</i>	I seek that the whole or part (describe part) of the submission be allowed or disallowed: <i>[give precise details]</i>
TBARC and NZART (Inc) 224.9	peter.lake@xtra.co.nz	Support	Long term relationship between Porirua City Council and the Titahi Bay Amateur Radio Club	Amateur radio is an asset to the community that is funded and regularly tested by private individuals. This is a capability that has existed for a long time and one that should be carefully grown by Council.	Allow	I request that the whole part of the submission be allowed
TBARC and NZART (Inc) 224.10	peter.lake@xtra.co.nz	Support	Yagi Antennas	Council should be aware that radio amateurs chose antenna of specific size/configuration so as to communicate over large distances with other amateurs. A poor decision to limit sizes of antenna will directly impact on the distance over which amateurs are able to communicate. This will deprive the community of this functionality. The council should note that Yagi "is not suitable as a regulatory definition" as it is only one specific type of antenna that are used by Amateurs.	Allow	I request that the whole part of the submission be allowed
TBARC and NZART (Inc) 224.11	peter.lake@xtra.co.nz	Support	The career of Dr Murray Milner	Many engineers have used their interests in Radio, and Electronics to start their careers. The council proposals will restrict or close off this avenue.	Allow	I request that the whole part of the submission be allowed
TBARC and NZART (Inc) 224.12	peter.lake@xtra.co.nz	Support	Consistent and reasonable provisions	Council is providing different rules for Rural and Urban will in effect remove an ability from an estimated 90% of NZ Radio Amateurs. In numerical terms the quantity is small as there are approx. 5000 radio amateurs in New Zealand and 3 Million internationally. It seems unfair that the PCC should treat its urban Radio Amateurs as being of less value that Amateurs in Rural areas and also those in other countries.	Allow	I request that the whole part of the submission be allowed.
