Oppose/Amend
<b>What decision are you seeking from Council?</b>
<b>What action would you like: Retain? Amend? Add? Delete?</b>
Reduce size of SNA047. Remove the top/northern third
<b>Reasons:</b>
<p>SNA047 encroaches on areas in which I've planted non-natives.</p> <p>We've been living here for more than 20 years and over time I've planted many exotic trees on our section, in amongst gorse, broom, manuka and other self-seeded natives.</p> <p>I have planted chestnuts, hazelnuts, apple trees, olive trees, fig trees, pines, gums, tasmanian blackwood... - easily over 2000 trees in total</p> <p>I plant in amongst gorse and recovering native trees or shrubs as this helps with wind protection.</p>

I want to use my section for food and firewood production by way of food-producing trees.

I want to see SNA047 reduced in size by about a third - the higher/northern part is far from the Taupo swamp and is an area I've been planting in.
