

The specific provisions of the proposal that my submission relates to are:

Objection

1.I object to the inclusion of part of 1 Jones Deviation Pauatahanui in the Special Amenity Landscape designation .I am seeking this designation be removed from the plan in relation to 1 Jones Deviation.

Reason for objection

The plan currently includes a part of 1 Jones Deviation in The Special Amenity Zone.I request that it be removed form the zone because ;

- a) The property is a considerable distance from the Pauatahanui Inlet.It is not adjacent to the inlet .
- b) the part of Jones Deviation included in the designation is not highly visible from the inlet or elsewhere.
- c)there are no significant areas of native vegetation on the land.

Objection

2.I object the imposition of colour palettes.I seek to have these provisions removed from the plan.

Reason for objection

Once a building is placed on the land it will almost always be visible.The land has been modified for the foreseeable future.Colour is a very subjective matter . The imposition of colour palettes whether by the council or developers is turning Porirua into a very grey ,characterless and uninteresting place.

Objection

3 .I object to the failure of the plan to create cat free zones .I request the plan be amended and cat free zones in and adjacent to areas of significant biodiversity be created .

Reason for Objection

There is little point in imposing rules intended to preserve biodiversity and areas of natural significance while continuing to allow cat ownership without restriction in and around these areas .
