The Elite Dealer Peelable Paint Program

peelclear™

PEELABLE AUTOMOTIVE PAINT

The Elite Dealer Peelable Paint Program

The Elite Dealer Network has leveraged its collective buying power to secure exclusive pricing on Peelclear™ until our proprietary, next-generation peelable paint is ready. We plan to launch our own version in Spring 2026.

In the meantime, all Elite Dealers have the opportunity to prepare, offer, and profit from selling Peelclear's version, establishing a strong presence in the fast-growing peelable paint market.

What Is Peelclear's Peelable Paint?

Peelclear™ is a sprayable, waterborne, VOC-compliant, recyclable, protective, and peelable paint designed for both surface protection and vanity markets.

KEY FEATURES INCLUDE:

- **Thickness:** 8-12 mil, providing superior protection compared to PPF and vinyl
- **Installation:** Ideally applied in a paint booth
- **Patent-pending formula:** Protects your investment in innovation
- **Finishes:** Clear, any color, or matte
- **Peelable:** Can be removed at any time, with a 20-year warranty

Peelclear combines durability, aesthetics, and versatility, making it a premium solution for customers seeking long-term surface protection and color change.

The Peelclear™ System

STEP 1 - PRIMER

Ensures consistent surface roughness across all panels

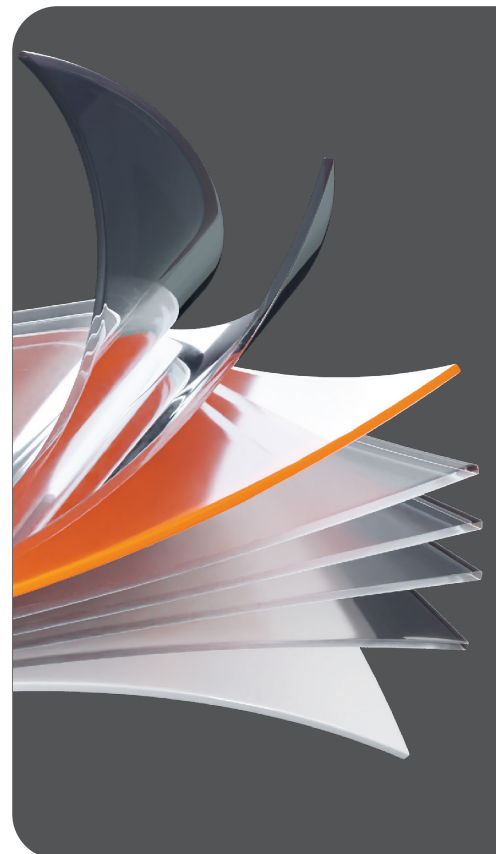

STEP 2 - PROPRIETARY BASECOAT

Supplied clear but can be dyed in-shop in any color

STEP 3 - TOP COAT

Crosslinks with the basecoat to prevent delamination; available matte or gloss with performance comparable to standard clear coat

Note: The system relies on mechanical bonding only — no adhesive required.

Costs & Setup - Starting From Scratch

If you're building a setup from the ground up:

- **Paint Booths:** Range from \$2,235 CAD-\$223,500 CAD
 - Start small with a \$2,235 CAD inflatable booth
 - Full-scale downdraft booth with heating starts around \$29,800 CAD
- **Additional Equipment:** Spray guns, compressors, buffers, blowers, and supporting tools

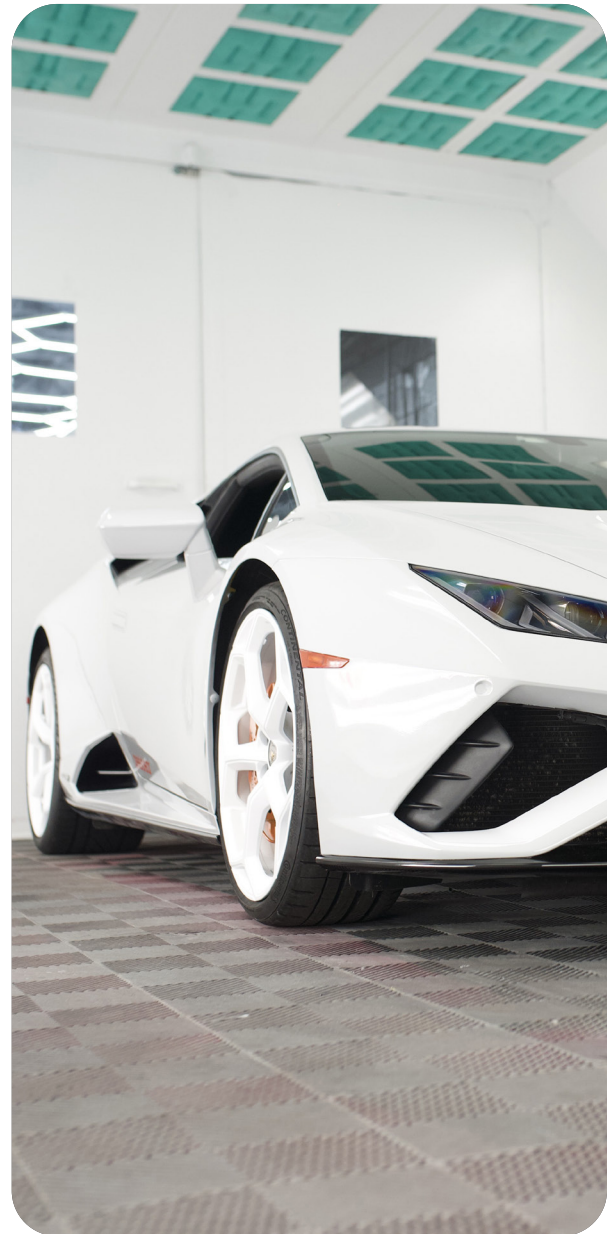

You Don't Need a Paint Booth!

Don't have a booth or aren't ready for the investment? You can still offer Peelclear and start generating revenue now.

Alternative Approach:

1. Partner with a local body shop as your subcontractor
2. Perform prep and masking in your own facility
3. Transport the vehicle for paint application
4. Retrieve, polish, and deliver from your shop the next day

This method allows you to capture sales and build clientele while minimizing upfront costs.

Package Option

Showroom Finish

Concours-level perfection with maximum refinement

BEST FOR:

High-end builds, show cars, and clients who demand the absolute best.

COVERAGE:

Exterior painted surfaces, door jambs, trunk jambs, and fuel door. Doors removed for maximum coverage.

FINISH:

After curing, the surface undergoes sanding and multi stage polishing to achieve a mirror like, ultra smooth finish with minimal orange peel.

Our highest level of refinement.

PROTECTION:

20-year warranty

Enhanced Finish

Factory-perfect coverage with added refinement

BEST FOR:

Owners who want full coverage with a flawless, uniform factory-perfect finish.

COVERAGE:

Exterior painted surfaces plus door jambs and trunk jambs. (Doors remain installed.)

FINISH:

Once cured, the surface is denibbed and gently polished to achieve a clean, consistent, factory-perfect finish.

PROTECTION:

20-year warranty

Core Finish

Essential coverage with a clean factorystyle finish

BEST FOR:

Daily drivers that want protection/color change

COVERAGE:

Exterior painted surfaces.

FINISH:

After curing, the surface receives light denibbing and a refinement polish for a smooth, consistent finish.

PROTECTION:

20-year warranty

Peelclear™ allows Elite Dealers to step into the next frontier of automotive protection and customization — combining paint-level aesthetics with true peelable versatility.

Whether you're equipped with a booth or just getting started, this program offers high profit margins, low barriers to entry, and the opportunity to position your shop at the forefront of the peelable paint revolution.

Elite Dealer Peelable Paint Program

A new era of protection, performance, and profit.
