

## 1. Objective.

To establish the parameters for the use of the logo PEFC in Uruguay

## 2. Scope.

All the certification organisms accredited by PEFC Uruguay.

All the entities certified by PEFC Uruguay.

## 3. Description

The entities that have a certificate PEFC for Forestry Management and/or Chain of Custody endorsed by a certification organism accredited, can use the PEFC logo.

The logo is a registered trademark and is property of PEFC. PEFC Uruguay has been authorized to grant authorization of use of the PEFC logo in Uruguay.

To that effect:

1. The certified entity must sign a contract for the use of the PEFC logo in Uruguay;
2. The certified entity receives an authorization where it is specified the right to use the logo and a personal number for the PEFC logo. This authorization to the use of the logo follows the conditions of use established by (see **DP-GL 1/2006 – Issuance of PEFC Logo Usage** Licenses by the PEFC Council). The license is valid for the period of the certification and is subject to the results of the follow up audits.
3. The use of the logo under the described conditions is free of charge.

In practice:

1. When an entity receives a PEFC certification by a PEFC certification organism accredited PEFC Uruguay sends a contract for the use of the logo.
2. Once the two signed copies of the contract have been received for the use of the logo, and the certification has been paid for, PEFC Uruguay sends a letter/mail with the authorization for the use of the logo along with the logo number assigned to the entity, a diagram, a password for the entity to log in the Intranet.

**In the case of certifying several entities at different locations, each location receives a license authorizing the use of the logo. To such effect, each location signs an independent contract for the use of the logo.**
