

Entrance statement for PEFC regional certification

With my signature, I (*name*).....(*surname*)
 date of birth, address, telephone.....,
 e-mail..... **voluntarily** enter into the system of the regional forest
 certification. Hereby I authorize regional representative
 (*name, address*) to represent me in the certification
 process for the certification region(*name or number of the
 region*).

With entering into the regional certification system I give an assurance that I will:

- manage forest, for which I have use right, according to measures for sustainable forestry management that I have been acquainted with and that I will respect measures for sustainable forestry management which are part of the Slovenian PEFC scheme,
- allow representatives of the certification body and region to make certification process and inspection of the sustainable forestry management on the forest plots included into the regional certification system,
- assure that contractors on my forest holding comply with the principles of sustainable forest management,
- consider required measures for improving the sustainable forestry management,
- stop selling wood as certified in case of exclusion from the certification system,
- sell as certified just wood logged in the certified areas,
- will pay the agreed amount for entering into the regional certification,
- will allow to use my data just for certification purposes,
- takeover all cost in case of extraordinarily control caused by information of serious violations of the sustainable forestry measures,
- will notify the regional representative of my exit from regional certification at least three months in advance.

With signature I do take responsibility to respect above – quoted requests. I will manage my forests on the forests plots (list – number of the plot, cadastral municipality is attached) according to sustainable forestry measures which are part of the Slovenian PEFC certification scheme.
