Candy Tally and Bar Graph

Make a tally mark for each treat, then fill in the graph. Ages 7 to 9.

Kind	Tally marks	Total
Chocolate		
Lollipops		
Candy corn		
Gummies		
Other treats		

How many treats in all? _____

Which kind do you have the most of? _____

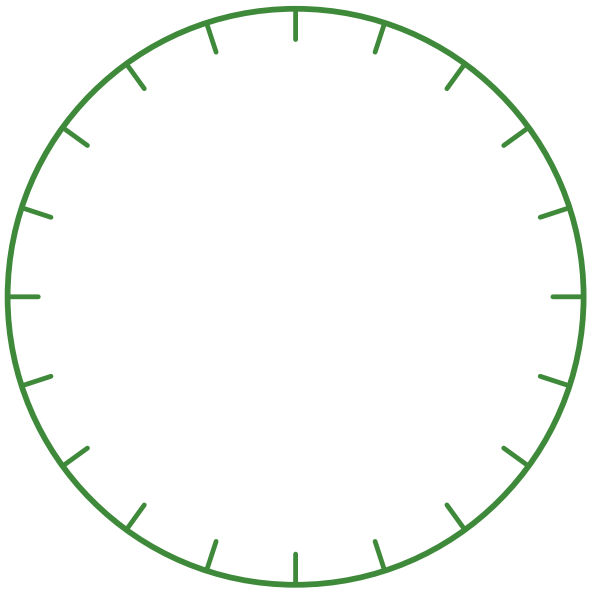

With Peko Pal, kids print pages like this themselves.

Candy Fractions and Percents

Find each fraction and percent. Ages 10 to 12.

Kind	Count	Fraction of all	Percent
Chocolate			
Lollipops			
Candy corn			
Gummies			
Other treats			
All treats			**100%**

Make a pie chart. Each mark is 5%.

What fraction of your treats is chocolate? Write it in simplest form.

If you share 1/4 of all your treats with your family, how many do you share?

Round each percent to the nearest whole number. Do they add up to 100%? Why or why not?
