Make Your Own Envelope

Cut on the solid line. Fold on the red dashes.

Fold the flaps toward the printed side, so the hearts end up inside. Use a glue stick.

This envelope is 5 7/8 × 4 3/8 inches. It holds a card or letter folded to 5½ × 4¼ inches.

Fold and Send

Six steps, then it is ready for a card or letter.

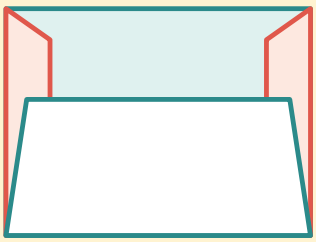

1 Cut out the shape.

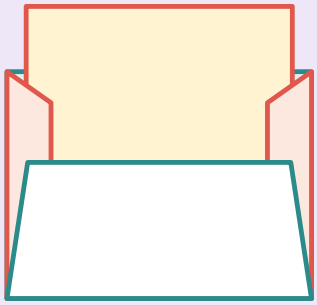

2 Fold the two side flaps in.

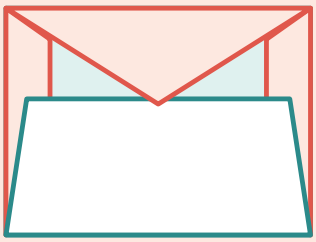

3 Fold the bottom flap up. Glue it over the sides.

4 Slide in your card or letter.

5 Fold the top flap down. Seal it.

6 Address it, then add a stamp.

Design a Stamp

Draw on the frames, cut them out and glue them on your envelope.

your pet | your home | your favorite food

a flower | the moon | someone you love

These stamps are art, not real postage. Leave the top right corner of the envelope for a real stamp.
