

▶ Coming **ATTRACTIONS**

The mHealth Summit, Dec. 7-11, convenes an array of healthcare stakeholders focused on the integration of mHealth and wireless solutions to improve systemic healthcare systems, patient outcomes, and access to care and customer satisfaction.

The mHealth Summit delivers the most diverse delegation of stakeholders of any mhealth event, supplying maximal opportunities for collaboration, new business opportunities, education, training, and inspiration.

The event is designed for collaboration and networking, offering a program that balances peer and cross-audience sessions, networking events, interactive sessions, discussions, demonstrations and exhibit floor events and pavilions that encourage mingling.

The sixth annual summit will put new emphasis on innovation and evidence, and sessions will focus on technology, business, research, policy, mobile, wireless, digital, wearable, telehealth, gaming, connected health, consumer engagement, and more.
