### Dr. Milind DESHPANDE

#### ACHILLION PHARMACEUTICALS PROMOTES R&D PRESIDENT

Achillion Pharmaceuticals, which is focused on the discovery and development of small-molecule drugs to combat challenging infectious diseases, has promoted Chief Scientific Officer

Milind Deshpande, Ph.D., to the additional role of president of research and development. Dr. Deshpande joined Achillion in 2001 as VP of chemistry and was most recently executive VP of research and development and chief scientific officer. He received a Ph.D. in organic chemistry from Ohio University.

## \* BIOTECHNOLOGY POOL

### Dr. Barbara FINCK

#### NKT THERAPEUTICS APPOINTS MEDICAL CHIEF

Privately held biotechnology company NKT Therapeutics has named Barbara Finck, M.D., chief medical officer. Dr. Finck most recently was the senior VP research and development and chief medical officer at Osprey Pharmaceuticals. She received an M.D. from the University of California, San Francisco.

NKT Therapeutics is focused on developing therapeutics based on unique immune cells called natural killer T (NKT) cells to treat autoimmune and inflammatory diseases, cancer, infectious diseases, and dermatitis.

### Dr. Thomas WERNER

#### FORMER GLAXOSMITHKLINE VP JOINS ACCERA AS CEO

Accera, a medical research and development company delivering breakthrough therapies for serious diseases such as Alzheimer's disease, has named Thomas Werner, Ph.D., president and CEO. Before joining Accera's board of directors in March 2009, Dr. Werner was managing director and senior VP of GlaxoSmithKline (GSK) in Germany and CEO of the GSK Foundation.

He also co-founded the Genetic Research Center, a joint venture with the Max Planck Institute for Psychiatry and the Ludwig-Maximilians-University, both in Munich.

Dr. Werner earned a Ph.D. in chemistry at the University of Göttingen in Germany.

## \* BIOPHARMACEUTICAL POOL

### Dr. Scott BILLER

#### AGIOS TAPS FORMER NOVARTIS VP AS SCIENTIFIC CHIEF

Agios Pharmaceuticals, a biopharmaceutical company focused on discovering and developing drugs in the emerging field of cancer metabolism, has named Scott Biller, Ph.D., chief scientific officer. Dr. Biller joins Agios from Novartis Pharmaceuticals, where he was VP and head of global discovery chemistry at the Novartis Institutes for BioMedical Research (NIBR).

Dr. Biller joins Agios from Novartis Pharmaceuticals, where he was VP and head of global discovery chemistry at the Novartis Institutes for BioMedical Research (NIBR).

### Dr. Michael CURTIS

#### CATABASIS NAMES PRODUCT DEVELOPMENT VP

Catabasis Pharmaceuticals, a biopharmaceutical company developing therapeutics for the treatment of inflammatory and metabolic diseases, has named Michael Curtis, Ph.D., VP, product development. Dr. Curtis is responsible for leading Catabasis's product development strategy and overseeing advancement of the company's pre-clinical programs, IND-enabling studies, and clinical trials.

Dr. Curtis is responsible for leading Catabasis's product development strategy and overseeing advancement of the company's pre-clinical programs, IND-enabling studies, and clinical trials.

Dr. Curtis was previously VP, pharmaceutical development, for Infinity Pharmaceuticals. He received a Ph.D. in cell and molecular biology (protein biochemistry) from Upstate Medical University, part of the State University of New York (SUNY) system.

### Dr. Michael DUNNE

#### Paul EDICK

#### Corey FISHMAN

#### DURATA THERAPEUTICS FORMS SENIOR LEADERSHIP TEAM

Durata Therapeutics has added three top executives as the biopharmaceutical company prepares for the next stage in its growth as a developer of new antibiotics to treat infectious diseases.

Michael Dunne, M.D., has joined Durata as chief medical officer. Dr. Dunne was most recently Pfizer's VP and therapeutic area head responsible for the clinical development of compounds in Pfizer's anti-infective franchise. He received an M.D. from the State University of New York Health Sciences Center in Brooklyn and completed fellowships in infectious diseases and pulmonary medicine at Yale University School of Medicine.

Durata has named Paul Edick CEO. Mr. Edick was previously CEO of Ganic Pharmaceuticals.

Corey Fishman has been appointed chief operating officer. Mr. Fishman joins Durata from Ganic Pharmaceuticals, where he was chief financial officer. He holds a master's in management from Purdue University's Krannert School of Management.

### Alex MARTIN

#### Roxanne TAVAKKOL

#### UNIGENE EXPANDS LEADERSHIP TEAM

Unigene Laboratories, a company focused on the design, delivery, manufacture, and development of peptide-based therapeutics, has added VPs to its executive roster.

Alex Martin has been named VP, business development, and head of commercial operations. Mr. Martin was previously CEO of Affectis Pharmaceuticals. He received an MBA from Harvard Business School.

Unigene has promoted Roxanne Tavakkol to VP, global regulatory affairs, from senior director, regulatory affairs. She earned an M.S. in molecular biology from The Ohio State University.

### Dr. Philip VICKERS

#### SHIRE APPOINTS R&D VP FOR HUMAN GENETIC THERAPIES BUSINESS

Global specialty biopharmaceutical company Shire has named Philip Vickers, Ph.D., senior VP of research & development (R&D) for its Human Genetic Therapies (HGT) business. Dr. Vickers is responsible for leading global R&D for Shire HGT and for establishing the strategic direction of the company's pipeline.

Dr. Vickers is responsible for leading global R&D for Shire HGT and for establishing the strategic direction of the company's pipeline.

Dr. Vickers joins Shire HGT from Resolvix Pharmaceuticals, where he was president and chief scientific officer. He earned a Ph.D. in biochemistry from the University of Toronto.

### Dr. Barbara WIROSTKO

#### ALTHEOS NAMES MEDICAL CHIEF

Alteos, a biopharmaceutical company focused on next-generation treatments for glaucoma and ocular hypertension, has appointed Barbara Wirostko, M.D., chief medical officer. A board-certified ophthalmologist with glaucoma subspecialty training, Dr. Wirostko was senior medical director and glaucoma medical team lead at Pfizer.

## \* SPECIALTY POOL

### AI ALTOMARI

#### AGILE THERAPEUTICS TAPS EXECUTIVE CHAIRMAN AS CEO

Agile Therapeutics, a pharmaceutical development company specializing in women's healthcare products, has selected Executive Chairman AI Altomari to succeed Thomas Rossi, Ph.D., as president and CEO. Dr. Rossi remains scientific advisor to the company.

Mr. Altomari has 25 years of experience in the industry, with emphasis on the development and marketing of specialty pharmaceutical products. Most recently, he was CEO of Barrier Therapeutics.

## \* DISCOVERY POOL

### Dr. David LATHBURY

#### FORMER ASTRAZENECA EXECUTIVE JOINS AMRI

Drug discovery and development company Albany Molecular Research (AMRI) has appointed David Lathbury, Ph.D., VP of chemical development. Dr. Lathbury's responsibilities include leadership of AMRI's three chemical development operations in the state of New York and the coordination of global projects spanning all AMRI chemical development operations.

Dr. Lathbury joins AMRI from AstraZeneca, where he was director of process chemistry for AstraZeneca Process Research and Development. He earned a Ph.D. in synthetic organic chemistry from Southampton University in the United Kingdom.
