

Coming ATTRACTIONS

THE 2011 ANNUAL ISMPP MEETING "ANTICIPATING CHANGE IN MEDICAL PUBLICATION: LEADING NOW FOR THE FUTURE" WILL TAKE PLACE IN ARLINGTON, VA., on April 4-6. ISMPP is the only nonprofit organization founded by medical publication professionals for medical publication professionals.

The conference opens with a presentation by Jim Carroll, a world-renowned expert on understanding trends, managing change, and preparing for the future. Mr. Carroll's motivational and interactive educational program is designed to get everyone thinking in a new direction for the future.

Look for PharmaVOICE at the 40th SPBT Annual Conference, May 9-12, in Orlando. The Society of Pharmaceutical and Biotechnology Trainers has a long history of bringing together industry professionals, helping them to step back from daily routines to build knowledge, sharpen skills, and benefit from exposure and discussion of national issues that affect their jobs. The conference attracts more than 100 industry partner exhibitors. These professional training organizations provide on-the-spot access to their services.

This year's keynote speakers include New York Times best-selling author Dan Pink (A Whole New Mind and Drive) and Captain Jim Lovell, famous for his calm and careful command of Apollo 13.

BIT's 2nd Annual International Conference of

Medichem-2011

Time: August 9-11, 2011 Place: Beijing, China

ICM is the premier forum for the presentation of technological advances and research results in the fields of Chemistry and Medicinal Chemistry. ICM brings together leading drug designers from industry and academia to discuss innovative approaches to success.

- To Learn from Leading Researchers in a Comprehensive and Wide-ranging Program Covering all Aspects of Bioorganic, Medicinal and Computational Chemistry
- Understand the Current State of Research and the Challenges to Future Discovery
- Gain an Understanding of the Developments from China and the Asian Region
- View the Latest Research in the Poster Sessions
- Network with Decision-makers to Explore More Collaborative Opportunities

The conference will cover the following topics, but not limit to

Track 1: Biosciences & Medicinal Chemistry

Track 2: Novel Technologies in Medichem

Track 3: Rational Target-based Drug Design and Synthesis

Track 4: Lead Optimization toward Drug Candidates

Track 5: Biotherapeutic and Natural Product Medicinal Chemistry

Track 6: Drug Synthesis and Production

Track 7: Medichem R&D Outsourcing Alliance Trend
