EXECUTIVE APPOINTMENTS
AND PROMOTIONS IN THE
HEALTHCARE INDUSTRY

By Carolyn Gretton

► PHARMACEUTICAL POOL

Dr. Franck BARRAT

ROCHE BROADENS INFLAMMATORY EXPERTISE

Franck Barrat, Ph.D., has joined Roche's inflammation discovery and translational areas (DTA) as a distinguished scientist. Dr. Barrat brings to Roche extensive expertise in the roles that dendritic cells, toll receptor agonists and antagonists, and IL10-secreting regulatory T cells play in human diseases.

Before joining Roche, Dr. Barrat was senior research fellow and project leader of the autoimmunity program at Dynavax Technologies. He received a Ph.D. in immunology from the University of Paris, a master's degree in immunology from the Pasteur Institute, and a master's degree in pharmacology from the University of Nice.

Dr. Olivier BRANDICOURT John YOUNG

PFIZER NAMES EMERGING MARKETS PRESIDENT

Global pharmaceutical firm Pfizer has appointed Olivier Brandicourt, M.D., president and general manager of the emerging markets and established products business units. Dr. Brandicourt succeeds David Simmons, who has joined PPD as chairman and CEO.

Dr. Brandicourt most recently served as president and general manager of Pfizer's primary care business unit. He received a medical degree with a subspecialty in infectious diseases and tropical medicine, as well as a master's degree in biology from Paris University.

John Young has been promoted to succeed Dr. Brandicourt as president and general manager of the primary care business unit. Mr. Young was previously regional president of Europe and Canada for the primary care business.

Robert CLARK

FORMER PFIZER EXECUTIVE JOINS NOVO NORDISK AS REGULATORY VP

Global healthcare company Novo Nordisk has named Robert Clark VP, regulatory affairs. Mr. Clark leads Novo Nordisk's U.S. regulatory team and maintains relationships with key individuals and agencies outside the company that play a specific role in the U.S. FDA's review and approval process.

Mr. Clark comes to Novo Nordisk from Pfizer, where he was most recently U.S. regulatory strat-

egy head. He received an M.S. in pharmacology from New York Medical College.

Dr. Michael HAYDEN

TEVA APPOINTS R&D HEAD

Teva Pharmaceutical Industries has appointed Dr. Michael Hayden president of global research and development and chief scientific officer, based in Israel. Dr. Hayden is currently Killam

Professor of Medical Genetics at the University of British Columbia and Canada Research Chair in Human Genetics and Molecular Medicine. He is also the founder and director/senior scientist of the Centre for Molecular Medicine and Therapeutics at the University of British Columbia.

Dr. Harald REINHART

SHIONOGI ADDS VP

Shionogi Inc., the U.S. division of Japanese pharmaceutical company Shionogi & Co. Ltd., has announced an addition to its leadership.

Harald Reinhart, M.D., has been named senior VP of clinical development and medical affairs. Dr. Reinhart most recently served as a global program head, infectious diseases, transplantation and renal, for Novartis. He received an M.D. at the University of Wurzburg in Germany.

Dr. Joseph STAUFFER

IKARIA APPOINTS MEDICAL CHIEF

Ikaria, a critical care company focused on developing and commercializing innovative therapies for critically ill patients, has named Joseph Stauffer, D.O., chief medical officer. Dr. Stauffer was most recently chief medical officer at PharmacoFore. He graduated from the Philadelphia College of Osteopathic Medicine and completed an MBA as part of the TRIUM Global Executive MBA Program, a joint degree granted by NYU Stern School of Business, HEC School of Management in Paris, and the London School of Economics and Political Science.

► BIOTECHNOLOGY POOL

Celina CHANG Jack HARVEY

INVIVO ADDS TO SCIENCE, MANUFACTURING EXPERTISE

InVivo Therapeutics Holdings has expanded its team as the biotech company ramps up preparations for a human clinical trial and begins to ex-

pand its product portfolio to other nervous system conditions.

Celina Chang has joined InVivo as senior scientist, leading the execution and review of experiments per GMP and GLP regulations and undertaking the analysis of various cultured cells for InVivo's chronic spinal cord injury therapies. Ms. Chang was previously a scientist at Pervasis Therapeutics.

Jack Harvey has been named senior director of manufacturing, leading InVivo's production of GMP polymer-based biomaterial technologies. Mr. Harvey was most recently director of manufacturing at Pervasis Therapeutics. He received an MPH in health law from Boston University School of Public Health.

Aron KNICKERBOCKER

FIVEPRIME NAMES BUSINESS CHIEF

Five Prime Therapeutics (FivePrime), a company focused on the discovery and development of biologics for oncology and immunology, has promoted Aron Knickerbocker to senior

VP and chief business officer. Mr. Knickerbocker joined FivePrime in September 2009 as VP, business development. He received an MBA from the University of Michigan.

Dr. Carol REED

SYNTHETIC BIOLOGICS APPOINTS CLINICAL AFFAIRS VP

Synthetic Biologics, a developer of synthetic DNA-based therapeutics and innovative disease-modifying medicines for serious illnesses, has named Carol Reed, M.D., senior VP of clinical and regulatory affairs. Dr. Reed is responsible for the design and implementation of all aspects of clinical development, including clinical trials, as well as leading the company's regulatory initiatives. Most recently, Dr. Reed served as chief medical officer at Clinical Data Inc. She earned an M.D. from Rush Medical College and an M.S. in biology from the University of Illinois.

Dr. Paul RUBIN

XOMA PROMOTES R&D EXECUTIVE

Xoma, a company focused on the discovery and development of therapeutic antibodies, has promoted Paul Rubin, M.D., to senior VP, research and development and chief medical officer,

further integrating all research, preclinical, and clinical development activities under Dr. Rubin's leadership. Dr. Rubin joined Xoma in June 2011 as VP, clinical development and chief medical officer

and maintains his responsibilities as Xoma's chief medical officer. He received an M.D. from Rush Medical College.

Robert SIMON

THRESHOLD APPOINTS REGULATORY AFFAIRS VP

Threshold Pharmaceuticals has appointed Robert Simon senior VP of regulatory affairs, overseeing the biotech company's regulatory activities related to the development of TH-302, a clinical-stage hypoxia-targeted cancer therapeutic currently being evaluated in a variety of cancers. Before joining Threshold, Mr. Simon spent almost a decade at OSI Pharmaceuticals, most recently as an executive VP in roles relating to pharmaceutical development, manufacturing, and technical operations.

► BIOPHARMACEUTICAL POOL

Cynthia COLLINS

GENVEC ANNOUNCES CEO SUCCESSION

GenVec, a biopharmaceutical company using differentiated, proprietary technologies to create therapeutics and vaccines, has named Cynthia Collins to replace retiring President and CEO Paul Fischer, Ph.D. Ms. Collins previously served as group VP, cellular analysis business, at Beckman Coulter. She has an MBA from the University of Chicago Booth School of Business.

Dr. Pamela CONLEY

IPIERIAN APPOINTS RESEARCH VP

iPierian has appointed Pamela Conley, Ph.D., VP of research. Dr. Conley is responsible for the biopharma company's emerging drug development pipeline for therapeutics to treat neurodegenerative diseases, as well as the company's proprietary patient-derived induced pluripotent stem cell (iPSC) platform, which provides insight for novel therapeutic targets or mechanisms of disease.

Dr. Conley was most recently VP of research biology at Portola Pharmaceuticals. She received a Ph.D. in biochemistry from the University of California, Berkeley.

Dr. Howard DITTRICH

SORBENT THERAPEUTICS NAMES MEDICAL CHIEF

Sorbent Therapeutics, a biopharmaceutical company developing therapies for cardiovascular and renal diseases, has appointed Howard Dittrich, M.D., chief medical officer. A cardiologist by train-

ing, Dr. Dittrich is applying his extensive expertise in heart failure to the clinical development of CLP1001, Sorbent's lead therapeutic compound.

Dr. Dittrich was previously chief medical officer of Sequel Pharmaceuticals, a spinout from the acquisition of NovaCardia by Merck. He holds an M.D. from the University of Iowa College of Medicine.

William HEIDEN

AMAG PHARMACEUTICALS SHIFTS LEADERSHIP

AMAG Pharmaceuticals has appointed William Heiden president and CEO. Mr. Heiden was previously president and CEO of GTC Biotherapeutics. He holds an MBA from Cornell University's Johnson Graduate School of Management and a MIM from the University of Louvain in Belgium.

AMAG Pharmaceuticals is a biopharmaceutical company that manufactures and markets Feraheme in the United States for the treatment of iron deficiency anemia in adult chronic kidney disease patients.

Dr. Evan LOH

DENNIS MOLNAR

PARATEK NAMES EXECUTIVES

Paratek Pharmaceuticals has named Evan Loh, M.D., chairman and chief medical officer. Dr. Loh succeeds Dr. Walter Gilbert as chairman; Dr. Gilbert remains vice chairman of the board.

Dr. Loh joins Paratek from Pfizer, where he was most recently senior VP, development and strategic operations, worldwide research and development. He received an M.D. from Harvard Medical School.

Paratek also has announced the promotion of Dennis Molnar to president and CEO, from VP, corporate development. Mr. Molnar succeeds Thomas Bigger, who resigned as CEO earlier this year.

Paratek is a biopharma company engaged in the discovery and commercialization of new therapeutics that treat serious and life-threatening diseases, with a particular focus on the growing worldwide problem of antibiotic resistance.

Dr. Gerald MCMAHON

KOLLTAN PHARMACEUTICALS ANNOUNCES EXECUTIVE TRANSITION

Privately held biopharmaceutical company Kolltan Pharmaceuticals has named Gerald McMahon, Ph.D., president and CEO. Dr. McMahon replaces Kolltan Co-Founder Arthur Altschul Jr., who continues as executive chairman.

Dr. McMahon comes to Kolltan from MedIm-

mune, the biologics arm of AstraZeneca, where he most recently served as senior VP, R&D oncology. He received a Ph.D. in biochemistry from Rensselaer Polytechnic Institute.

Dr. Eric WACHTER

PROVECTUS APPOINTS TECHNOLOGY CHIEF

Provectus Pharmaceuticals, a development-stage oncology and dermatology biopharmaceutical company, has named Eric Wachter, Ph.D., chief technology officer. Dr. Wachter is focused on leading drug development of both PV-10 and PH-10, as well as the intellectual property protection of Provectus' investigational therapeutic products.

Dr. Wachter has been with Provectus since 2002 and previously served as executive VP-pharmaceuticals. He holds a Ph.D. in chemistry from the University of Wisconsin.

Dr. Matthew WIKLER

RIB-X NAMES DEVELOPMENT CHIEF

Rib-X Pharmaceuticals has appointed Matthew Wikler, M.D., chief development officer. Dr. Wikler's duties include assuming a strategic leadership role in implementing the Phase III program

for delafloxacin, for treating acute bacterial skin and skin structure infections.

Before joining Rib-X, Dr. Wikler served as president and CEO of IASO Pharma. He received an M.D. from Temple University and an M.B.A. from the Wharton School of the University of Pennsylvania.

Rib-X is a biopharmaceutical company developing new antibiotics to provide superior coverage, safety, and convenience for the treatment of serious and life-threatening infections.

► SPECIALTY POOL

John BARR

BAUSCH + LOMB NAMES SURGICAL BUSINESS HEAD

Global eye health company Bausch + Lomb has appointed John Barr global president of the company's surgical business, overseeing the specialty company's full suite of ophthalmic surgical products, intraocular lenses, and delivery systems.
