Pizza Pizza Limited

Notes to the Unaudited Interim Condensed Consolidated Financial Statements

For the 13-week and 26-week periods ended June 28, 2026 and June 29, 2025

(In thousands of Canadian dollars except common shares, special voting shares and number of shares)

1. Nature of Business

Pizza Pizza Limited ("PPL" or the "Company"), a privately-held corporation incorporated by Articles of Incorporation under the Business Corporations Act (Canada) on December 27, 1989, operates in the food service industry throughout Canada and primarily franchises and operates quick-service restaurant ("QSR") businesses under the brand names of Pizza Pizza and Pizza 73. The Company derives revenue from franchises through the sale of franchise restaurants, food and beverages, and royalties. The Company also derives revenue from Company-owned and managed restaurants through the sale of food products to retail customers.

The Company is incorporated and domiciled in Canada and the address of its registered office is 500 Kipling Avenue, Toronto, Ontario, Canada. The ultimate parent of the Company is 1373153 Ontario Limited, a private Corporation that does not prepare and make available financial statements for public use.

Below are the number of traditional and non-traditional franchisees and licensees as at:

	June 28, 2026	June 29, 2025
Franchisees and licensees	732	710
Jointly-controlled restaurants	76	80
Company-owned and managed restaurants	12	10
International Restaurants	4	4

2. Material Accounting Policies

The material accounting policies applied in the preparation of these unaudited interim condensed consolidated financial statements are set out below. These policies have been consistently applied to all periods presented unless otherwise stated.

a) Fiscal year-end and interim period

The Company has a floating year-end on the Sunday closest to December 31; accordingly, interim periods consist of four 13-week periods with an additional week added to the last interim period every 5 to 6 years.

b) Statement of compliance

The Company prepares its unaudited interim condensed consolidated financial statements in accordance with IFRS Accounting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and International Accounting Standard ("IAS") 34, *Interim Financial Reporting* ("IAS 34"). Accordingly, these unaudited interim condensed consolidated financial statements do not include all disclosures required for annual financial statements and should be read in conjunction with the annual consolidated financial statements of the Company as at and for the year ended December 28, 2025.

The Company's preparation of financial statements in accordance with IAS 34 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the unaudited interim condensed consolidated financial statements, were the same as those that applied to the Company's consolidated financial statements as at and for the year ended December 28, 2025.

The policies applied in these unaudited interim condensed consolidated financial statements are based on IFRS standards and are consistent with those followed in the preparation of the Company's annual consolidated financial statements as at and for the year ended December 28, 2025.

Pizza Pizza Limited

Notes to the Unaudited Interim Condensed Consolidated Financial Statements For the 13-week and 26-week periods ended June 28, 2026 and June 29, 2025

(In thousands of Canadian dollars except common shares, special voting shares and number of shares)

These unaudited interim condensed consolidated financial statements were issued and effective as of August 5, 2026, the date the Directors approved the unaudited interim condensed consolidated financial statements.

c) Accounting standards and amendments issued but not yet adopted

Standards, amendments and interpretations to existing standards that are not yet effective and have not been early adopted by PPL:

Amendments to IFRS 9 Financial Instruments & IFRS 7 Financial Instruments

On May 30, 2024, the IASB issued targeted amendments to IFRS 9 *Financial Instruments* and IFRS 7 *Financial Instruments*. The amendments include clarifying the date of recognition and derecognition of certain financial assets and liabilities with an optional exception for the derecognition of a financial liability settled through electronic cash transfer. These new amendments are effective for annual periods beginning on or after January 1, 2026. Given the standard is effective January 1, 2026 and the Company's fiscal year commenced on December 29, 2025, the Company did not early adopt the standard. The Company is currently assessing whether the new standard will have a material impact on the consolidated financial statements.

Enhanced presentation and disclosure of financial statements (IFRS 18)

On April 9, 2024, the IASB issued a new standard IFRS 18 *Presentation and Disclosure in Financial Statements* to improve the usefulness and comparability of financial statement information. The new standard replaces IAS 1 and introduces three sets of new presentation and disclosure requirements: (1) it codifies the reporting structure of the income statement and requires defined subtotals; (2) disclosure of management-defined performance measures that relate to the income statement; and (3) enhanced guidance on how to organize information in the financial statements and whether to provide it in the primary financial statements or in the notes. The new standard is effective for annual periods beginning on or after January 1, 2027. The Company is currently assessing whether the new standard will have a material impact on the consolidated financial statements.

d) Basis of measurement

The unaudited interim condensed consolidated financial statements have been prepared under the historical cost convention, except for the revaluation of the interest rate swap to fair value through the consolidated statement of comprehensive income.

e) Basis of consolidation

These unaudited interim condensed consolidated financial statements incorporate the assets and liabilities of the Company and its subsidiaries as at June 28, 2026 and December 28, 2025 and the results of these entities for the 13-week and 26-week periods ended June 28, 2026 and June 29, 2025.

The Company consolidates the results of its investments over which it exercises control. Specifically, an investor controls an investee when it has power over the investee, it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Subsidiaries are fully consolidated from the date on which control is transferred to the Company and deconsolidated from the date that control ceases. Inter-entity transactions, balances and unrealized gains/losses on transactions between entities are eliminated.

Investment in associate

An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

The Company accounts for its 27.2% (December 28, 2025 – 26.2%) share interest in the Pizza Pizza Royalty Limited Partnership (the "Partnership") as an investment in an associate and applies equity accounting whereby the Company's investment is increased by its 27.2% share of income for the period of the Partnership and reduced

Pizza Pizza Limited

Notes to the Unaudited Interim Condensed Consolidated Financial Statements For the 13-week and 26-week periods ended June 28, 2026 and June 29, 2025

(In thousands of Canadian dollars except common shares, special voting shares and number of shares)

for distributions received during the Partnership's fiscal period. The Partnership's financial and fiscal periods differ from the Company's, as the Partnership operates on a calendar year-end.

The Company assesses at each period-end whether there is any objective evidence that its interest in the Partnership is impaired. If impaired, the carrying value of the Company's share of the underlying assets of the Partnership is written down to its estimated recoverable amount, being the higher of fair value less cost to sell and value in use, and the write-down is charged to the unaudited interim consolidated statements of income.

Investments in joint ventures

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The Company accounts for its 50% share interest in the 76 jointly-controlled companies as an investment in joint ventures and applies equity accounting whereby the Company's investment is increased by its 50% share of income for the period of the joint ventures and reduced for distributions received during the joint ventures' fiscal period. The jointly-controlled companies' financial and fiscal periods differ from the Company's, as the joint ventures have a floating year-end of the Saturday immediately preceding July 31.

The Company assesses at each period-end whether there is any objective evidence that its interest in the joint ventures is impaired. If impaired, the carrying value of the Company's share of the underlying assets of the joint ventures is written down to its estimated recoverable amount, being the higher of fair value less cost to sell and value in use, and the write-down is charged to the unaudited interim consolidated statements of income.

f) Comparative Information - Reclassification

During the current year, the Company revised the presentation of interest and other income and interest expense on borrowings and other liabilities in the consolidated statements of income to present these items on a gross basis, rather than on a net basis as previously reported. This change was made to improve the clarity and transparency of the Company's financing activities and to enhance comparability. Accordingly, comparative amounts of \$485 for the 13-week period and \$907 for the 26-week period have been reclassified to conform with the current year presentation. The reclassification had no impact on income for the period before income taxes, income for the period attributable to shareholders of Pizza Pizza Limited, total comprehensive income attributable to shareholders, or shareholders' deficiency for the comparative period.

3. Investment in Pizza Pizza Royalty Limited Partnership

The Company owns Class B and Class D Partnership Units that are exchangeable for Pizza Pizza Royalty Corp. ("PPRC") Shares based on the exchange multiplier applicable at the exchange date and represent an effective 27.2% interest in the Partnership as at June 28, 2026 (December 28, 2025 – 26.2%).

The business of the Partnership is the ownership and licensing of the Pizza Pizza and Pizza 73 Rights and Marks through two separate License and Royalty Agreements with the Company. Additionally, the Partnership will collect the royalty payable by the Company under each License and Royalty Agreement, as well as performing the administration of PPRC pursuant to the Administration Agreement.

The table below reconciles the balance of the Company's investment in the Partnership, which is accounted for using equity accounting.

a. 2025 Royalty Pool Adjustment

In early January 2026, a second adjustment was made to the royalty payments and PPL's Class B Exchange Multiplier based on the actual performance of the 44 new restaurants added to the Royalty Pool on January 1, 2025. As a result of the adjustments, PPL obtained an additional 210,078 shares, the Class B Exchange Multiplier is 2.671316 and Class B Units can be exchanged for 6,700,299 shares effective January 1, 2025.

In early January 2026, a second adjustment was made to the royalty payments and PPL's Class D Exchange Multiplier based on the actual performance of the one Pizza 73 restaurant added to the Royalty Pool on January 1, 2025. The final 2025 Pizza 73 Royalty Pool adjustment confirmed that a Make-Whole Payment for 2025 is to be paid and calculated as a percentage of \$720 Royalty Pool sales. The Make-Whole Payment will continue to be paid for subsequent years, until on an Adjustment Date, additional system sales of additional restaurants are sufficient to offset the Pizza 73 system sales attributable to all closed Pizza 73 restaurants. As a result of the adjustments, the Class D Exchange Multiplier is unchanged at 22.44976 and Class D Units can be exchanged for 2,244,975 shares effective January 1, 2025.

b. 2026 Royalty Pool Adjustment – Class B Exchange Multiplier

On January 1, 2026, 18 net Pizza Pizza restaurants were added to the Royalty Pool as a result of 32 new restaurants opening and 14 closing from January 1, 2025 to December 31, 2025. The total number of Pizza Pizza restaurants in the Royalty Pool has increased to 712. The additional system sales from the 32 new restaurants are estimated at \$8,404 annually, less sales of \$4,011 from the 14 permanently closed Pizza Pizza restaurants. As a result, \$4,393 net, estimated Pizza Pizza sales were added to the Royalty Pool, resulting in an Estimated Determined Amount of \$3,121.

Pizza Pizza Limited

Notes to the Unaudited Interim Condensed Consolidated Financial Statements For the 13-week and 26-week periods ended June 28, 2026 and June 29, 2025

(In thousands of Canadian dollars except common shares, special voting shares and number of shares)

The yield of the shares was determined to be 6.05% calculated using \$15.36 as a weighted average share price. Weighted average share price is calculated based on the market price of the shares traded on the Toronto Stock Exchange during the period of twenty consecutive days ending on the fifth trading day before January 1, 2026. As a result of the contribution of the additional net sales to the Royalty Pool, the Class B Exchange Multiplier increased fractionally by 80% of the total adjustment or 0.064801 (representing 162,536 additional exchangeable shares); the new Class B Multiplier is 2.736117. This adjustment will also increase the entitlement of the holders of the Class B units to distributions of cash and allocations of income from the Partnership. The second adjustment to the Class B Exchange Multiplier will be adjusted to be effective January 1, 2026, once the actual performance of the new restaurants is determined in early 2027.

c. 2026 Royalty Pool Adjustment – Class D Exchange Multiplier

On January 1, 2026, two net Pizza 73 restaurants were added to the Royalty Pool as a result of seven new restaurants opening between September 2, 2024 and September 1, 2025 and five restaurants closing between January 1, 2025 and December 31, 2025. The total number of Pizza 73 restaurants in the Royalty Pool has increased to 102. The forecasted additional system sales from the seven new restaurants is estimated at \$2,332 annually, less \$200 in system sales attributable to the one permanently closed Pizza 73 restaurant. The other four closed restaurants had their territories recombined with the adjacent restaurants, and will be adjusted for on the next Adjustment Date as per the Amendment to the Pizza 73 Licence and Royalty Agreement signed in 2025 to reflect the recombination of territories. As a result, \$2,132 net, estimated Pizza 73 sales were added to the Royalty Pool and applied against the \$720 Make-Whole Carryforward Amount, resulting in an Estimated Determined Amount of \$1,504.

The yield of the shares was determined to be 6.05% calculated using \$15.36 as a weighted average share price. Weighted average share price is calculated based on the market price of the shares traded on the Toronto Stock Exchange during the period of twenty consecutive days ending on the fifth trading day before January 1, 2026. As a result of the contribution of the additional net sales to the Royalty Pool, the Class D Exchange Multiplier increased fractionally by 80% of the total adjustment or 0.78341 (representing 78,341 additional exchangeable shares); the new Class D Multiplier is 23.23316. This adjustment will also increase the entitlement of the holders of the Class D units to distributions of cash and allocations of income from the Partnership. The second adjustment to the Class D Exchange Multiplier will be adjusted to be effective January 1, 2026, once the actual performance of the new restaurants is determined in early 2027.

d. Pizza Pizza Royalty Corp. Outstanding Shares

In exchange for adding the forecasted Pizza Pizza system sales to the Royalty Pool, PPL has received 162,536 additional equivalent shares (through the change to the Class B Exchange Multiplier). These represent 80% of the forecasted equivalent shares entitlement to be received (203,170 equivalent shares represent 100%), with the final equivalent shares entitlement to be determined when the new restaurants' 2026 actual sales performance is known with certainty in early 2027.

In exchange for adding the forecasted Pizza 73 system sales to the Royalty Pool, PPL has received 78,341 additional equivalent shares (through the change to the Class D Exchange Multiplier). These represent 80% of the forecasted equivalent shares entitlement to be received (97,926 equivalent shares represent 100%), with the final equivalent shares entitlement to be determined when the new restaurants' 2026 actual sales performance is known with certainty in early 2027.

After giving effect to PPL's entitlement to additional equivalent shares at January 1, 2026, PPL owns equivalent shares representing 27.2% of the Company's fully diluted shares.

4. Investment in Jointly-Controlled Companies

Jointly-controlled companies are joint ventures, consisting of the Company's 50% interest in 76 Pizza 73 restaurants (December 28, 2025 – 76 Pizza 73 restaurants). Jointly-controlled restaurants are companies, owned and operated as an independent business, equally owned by the Company and an Owner/Operator. Licensing, consulting and other agreements govern the relationship of the Company and the Owner/Operator as shareholders of these jointly-controlled restaurants, and establish a framework under which each restaurant is operated.

The financial statements of all jointly-controlled companies have a floating year-end of the Saturday immediately preceding July 31 and all operations are continuing.

The following table reconciles the balance of the Company's investment in the jointly-controlled companies, which is accounted for using equity accounting.

	For the 26-week period ended June 28, 2026	For the 52-week period ended December 28, 2025
Balance – beginning of period	15,407	15,876
Equity income from jointly-controlled companies	1,327	2,258
Dividends received from jointly-controlled companies	(1,553)	(2,727)
Balance – end of period	15,181	15,407

A breakdown of the Company's share in jointly-controlled companies' comprehensive income is as follows:

	For the 13-week period ended June 28, 2026	For the 13-week period ended June 29, 2025	For the 26-week period ended June 28, 2026	For the 26-week period ended June 29, 2025

14. Financial risk management

The Company's objective is to minimize risk with respect to financial instruments by monitoring the performance of its franchisees and jointly-controlled companies, maintaining restaurants in different geographic regions and having the ability to assume the operations of franchisees for inadequate financial performance and/or default under the franchise agreement.

Fair Values

The carrying amounts of cash and cash equivalents, short term investments, trade, other receivables and prepayments and trade and other payables approximate fair values given the short-term maturity of these instruments.

A reasonable estimate of fair value could not be made for receivables from jointly-controlled companies, advances from related party, renovation funds and deposits from franchisees as there are no fixed terms of repayment; therefore, they are measured at exchange value.

The fair value of the non-current notes receivable is based on the estimated future discounted cash flows using a comparable market rate of interest as at June 28, 2026 of 5.30% (December 28, 2025 – 4.93%).

The fair value of the borrowings is based on the estimated future discounted cash flows using a comparable market rate of interest as at June 28, 2026 of prime plus a spread varying by loan (December 28, 2025 of prime plus a spread varying by loan). The Company has no plans to prepay these instruments prior to maturity. The fair value of the borrowings was determined using Level 2 inputs, which are observable inputs or inputs that can be corroborated by observable market data for substantially the full term of the asset or liability.

The carrying value and fair value of the Company's financial instruments are as follows:

		As at June 28, 2026		As at December 28, 2025	
	Category	Carrying value	Fair value	Carrying value	Fair value
Notes receivable	AC	2,320	2,324	1,912	1,944
Borrowings	AC	1,140	1,025	1,204	1,014

(In thousands of Canadian dollars except common shares, special voting shares and number of shares)

The different fair value hierarchy levels are as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical financial assets or financial liabilities;
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the financial asset or financial liability, either directly or indirectly; and
- Level 3: Inputs for the financial asset or financial liability that are not based on observable market data.

The Company's financial instruments have been assessed at level 2 in the fair value hierarchy (2025 – Level 2).

Credit Risk

The Company is exposed to credit risk as all of the franchisees and jointly-controlled companies operate within the same segment: commercial food service. The Company is also exposed to credit risk in the event of non-payment by its franchisees and jointly-controlled companies of its trade receivables, notes receivable, receivables from jointly-controlled companies, lease receivables and renovation funds receivable. The Company's credit risk is mitigated by the large number of franchisees and jointly-controlled companies operating in different geographical markets and by the Company's ultimate ability to assume operations of the franchisees if there is inadequate financial performance and/or default under the franchisee agreement.

The aging of trade receivable balances that are past due, but not impaired are as follows:

	As at June 28, 2026	As at December 28, 2025
Past due 0-30 days	770	739
Past due 31-120 days	989	860
Total trade receivables past due, but not impaired	1,759	1,599

Liquidity Risk

The Company is subject to liquidity risk with respect to the items outlined in the table below. The risk is mitigated as the majority of the Company's revenue is earned from franchisees and jointly-controlled companies, which have agreements with the Company and whose activities are closely monitored by the Company. In the case of franchisees, the majority of the Company's business, the Company is able to assume operations of the franchises if there is inadequate financial performance and/or default under the franchise agreement. Liquidity requirements are monitored by the Company's head office functions in order to guarantee effective access to financial resources.

Management believes that currently available funds, apart from those that will be generated by operating and financing activities, will allow the Company to satisfy its requirements for investment, working capital management, and borrowing repayment at maturity.

The following are the contractual undiscounted cash flows of financial liabilities as at June 28, 2026:

	Carrying amount	0 to 12 months	1 to 2 years	2 to 5 years	More than 5 years
Trade and other payables	34,348	34,348	-	-	-
Deposits from franchisees	1,332	1,332	-	-	-
Borrowings	1,140	255	229	208	448

Interest Rate Risk

The Company is exposed to interest rate risk from its borrowings. All borrowings are based on floating interest rates.
