

# Modbus Meters Whitelist

**Tested and approved compatibility with all models of  
Elli Charger 2 | CUPRA Charger 2 | Škoda Charger | ID. Charger 2**

Elli has conducted all necessary technical tests and can recommend using the following Modbus meters compatible with all Charger 2 series devices:

- Siemens PAC2200
- Siemens 7KT1652
- Eastron SDM630
- ABB B21
- ABB B23
- Carlo Gavazzi EM340
- Hager ECR180D
- Hager ECR380D
- Kostal Smart EM

We are working hard on testing other devices and updating this list with new compatible Modbus Meters continuously. Please make sure to download the most recent version of this document, version and issue date can be found in the foot note.
