

 Pixel for Business

Google Pixel 7a

The business-ready smartphone at an affordable price

High-level overview

Engineered by Google, the all-new Pixel 7a is the business-ready smartphone that is priced right for your business' budget.¹ The Pixel 7a provides Google's top-of-the-line productivity and security features including the Tensor G2 processor and Google Assistant.² The Pixel 7a provides your business with the tools that it needs to make an impact without breaking the bank.

Everything that you need to run your business in an affordable package

Google's affordable smartphone for your business

At £449, the Pixel 7a delivers premium features like a top-of-the-line camera, all-day battery, high-res display and 5G connectivity at a budget-friendly price.^{1, 3, 4} All of this and more is built on the flexible Google-designed Android 13 operating system.

Reimagine productivity with Google AI

Engineered by Google, the Tensor G2 chip makes the Pixel 7a faster, more efficient and more secure.⁵ It's the same chip that's in the Pixel 7 and Pixel 7 Pro, powering Google's AI and machine learning. Extend your team's capabilities with advanced features like Live Translate to encourage global collaboration, Assistant Voice Typing to take notes on the spot and Google Assistant to tackle everything on your to-do list.^{6, 7, 8}

Use Google to build a connected set of business tools

The Pixel 7a works seamlessly with other cutting-edge Google devices and accessories, like our Google Pixel Watch, Chromebook and Pixel Buds.⁹ Like your Pixel 7a, these devices come equipped with powerful AI-led capabilities to give your business a fully integrated experience.

Your Pixel will just keep getting better

Your Pixel comes with Feature Drops – software updates with new and improved features.¹⁰ They help your Pixel to get even better over time.

Next-generation threat protection

Safeguard your business with highly rated security features

Pixel is highly rated for security features.² With Google Tensor G2 and the Titan M2™ security chip, Pixel is built with multiple layers of security to help keep your business' data safe.¹¹

Sidestep threats and scams with Pixel protection

The Pixel 7a comes with powerful features to protect your business. Help to keep data in the right hands with Face Unlock and Fingerprint Unlock. Pixel also comes with Call Screen, and Google Assistant which can answer unknown numbers and find out who's calling and why – so you can decide whether to pick up.¹²

Security updates made seamless

To protect you and your sensitive data, Pixel comes with at least five years of security updates.¹³ So your Pixel stays protected and gets even more secure over time.

1. Compared to RRP of Pixel 7 and 7 Pro.

2. Based on a third-party global research firm report. Evaluation considered features that may not be available in all countries. See goo.gl/mobilesecurity2022 for more information.

3. Estimated battery life based on testing using a median Pixel user battery usage profile across a mix of talk, data, standby and the use of other features. Average battery life during testing was approximately 31 hours. Battery testing conducted on a major operator network. Battery testing conducted in California in late 2022 on pre-production hardware and software using default settings. Battery life depends on many factors and the usage of certain features will decrease battery life. Actual battery life may be lower.

4. Requires a 5G data plan (sold separately). 5G service not available on all operator networks or in all areas. Contact mobile operator for details. 5G service, speed and performance depend on many factors, including operator network capabilities and signal strength. Actual results may vary. Some features not available in all areas. Data rates may apply. See g.co/pixel/networkinfo for info.

5. Compared to Pixel 6a. Speed claim based on internal testing on pre-production devices.

6. Not available in all languages or countries. Not available on all media or apps. See g.co/pixel/livetranslate for more information. Translation may not be instantaneous.

7. Not available in all languages or countries. See g.co/assistant/voicetyping for details.

8. Google Assistant and some related features are not available in all languages. See g.co/assistant/languages for updates to language availability.

9. Pixel Buds, laptops and watch sold separately.

10. Your Pixel will generally receive Feature Drops during the applicable Android update and support periods for the phone. See g.co/pixel/updates for details. The availability of some Feature Drops may vary.

11. Common Criteria certification for hardware and cryptographic library. See g.co/pixel/certifications for details.

12. Not available in all languages or countries. For more information, see g.co/help/callscreen.

13. Android security updates for at least five years from when the device first became available on Google Store in the US. See g.co/pixel/updates for details.

14. Screen has rounded corners. When measured diagonally as a rectangle, the screen is 6.1 inches. Actual viewable area is less. Dimensions may vary by configuration and manufacturing process.

15. Not available for all apps or content.

16. For 'over 24 hours': Estimated battery life based on testing using a median Pixel user battery usage profile across a mix of talk, data, standby and the use of other features. Average battery life during testing was approximately 31 hours. Battery testing conducted on a major operator network. For 'up to 72 hours': Estimated battery life based on testing using a median Pixel user battery usage profile across a mix of talk, data, standby and use of limited other features that are default in Extreme Battery Saver mode (which disables various features including 5G connectivity). Battery testing conducted on a major operator network. For both claims: Battery testing conducted in California in late 2022 on pre-production hardware and software using default settings, except that, for the up to 72 hours claim only, Extreme Battery Saver mode was enabled. Battery life depends on many factors and the usage of certain features will decrease battery life. Actual battery life may be lower.

17. Storage specifications refer to capacity before formatting. Actual formatted capacity will be lower.

18. Security updates for at least five years from when the device first became available on Google Store in the US. Updates may also include Feature Drops and other software updates. See g.co/pixel/updates for more information.

19. Restrictions apply. Some data is not transmitted through a VPN. Not available in all countries. All other Google One membership benefits sold separately. This VPN offer does not impact the price or benefits of Google One plans. Use of the VPN may increase data costs. See g.co/pixel/vpn for details.

20. Not available for all camera apps or modes.

21. Maximum resolution and field of view not available for all camera apps or modes.

22. Requires the Google Photos app. Photo features may not work on all image elements.

23. Deblurring may not work on all photos or videos with faces.
