Google Pixel 7 Pro
Security that delivers more for Public Sector

High-level overview

The all-new Pixel 7 Pro is the business-ready smartphone that delivers more for your Public Sector. Powered by the G2 Google Tensor processor that both boosts workforce productivity and protects sensitive data with stress-reducing security features, the Pixel 7 Pro delivers incredible value while adapting to you to provide what your business needs.

The value-driven phone that empowers businesses with premium productivity features

Redesigned Flagship with the most advanced features
Starting at $899, the Pixel 7 Pro is Google’s most advanced device, featuring a top-of-the-line camera, all-day battery, high-res display, Quick Phrases, Transcriptions, Call Screen, and AI-powered Google Assistant along with enterprise-grade performance, all on the Google-designed Android 13 OS at a Public-Sector friendly price.

Quick integration when it matters most
Google powered, Public Sector ready. Pixel 7 Pro works with all the leading productivity and collaboration apps you need to access when it matters most while the Android OS supports your company’s custom application and integration needs.

Pixel (em)powers the Public Sector.
Give employees access to everything they need to do their jobs – whether they’re at home, in the office, or out in the field. Pixel 7 Pro puts the latest technology in your team’s hands, so they can make critical decisions quickly.

All-day productivity on a single charge
Pixel’s adaptive battery can last over 24 hours and its Extreme Battery Saver helps your phone last up to 72 hours, by turning off features you are not using and pausing apps for more time between charges - helping you focus on the task at hand without worry.

Outstanding protection that makes connecting and collaborating at work stress-free

Next-generation threat protection
The Pixel 7 Pro comes with Titan M2, an enterprise-grade security chip, and Google Tensor G2, the processor with a built-in Tensor security core, making your phone even more resilient to attacks.

Seamless security updates
The Pixel 7 Pro downloads and runs the latest Android security features and updates for at least five years, which keeps your phone protected and secure against ever-evolving threats.

Your phone—and your phone only
Pixel 7 Pro comes equipped with biometric security protections, like Fingerprint Unlock, help ensure your device is secure. Additional embedded security features like Factory Reset, Remote Lock, Face Unlock, and Safe Browsing, offer extra protection.

Free built-in VPN
Your phone has a free built-in VPN enabled by Google One, so you have extra protection wherever you’re connected and no matter what app or browser you’re using.

# Tech specs

## Display and Dimensions
- Full-screen 6.7-inch (170mm)™ QHD+ LTPO OLED Display, Smooth Display (up to 10-120 Hz)™, 19.5:9 aspect ratio
- Corning® Gorilla® Glass Victus™ cover glass
- High brightness mode: Up to 1000 nits (HDR) and up to 1500 nits (Peak brightness)™
  - >1,000,000:1 contrast ratio
  - Full 24-bit depth for 16 million colors
  - Always-on display with At a Glance and Now Playing

## Security and Authentication
- Minimum 5 years of security updates
- Anti-phishing and anti-malware protection
- Automatic security checks and privacy controls with Security hub
- Android Messages end-to-end encryption and Android backup encryption
- Fingerprint Unlock with under-display fingerprint sensor
- Built-in VPN powered by Google One™

## Battery and Charging
- Over 24-hour battery life; up to 72-hour battery life with Extreme Battery Saver™
- Battery minimum 5000 mAh with fast-charging

## Memory and Storage
- 12 GB LPDDR5 RAM
- 128 / 256 / 512 GB storage

## Processor
- Titan M2™ security coprocessor
- Google Tensor G2

## Camera
- 50MP w/ OIS Main camera, 12MP @ w/AF ultrawide camera, 48MP 5x telephoto lens™(10x zoom), and 10.8 MP front camera
- Features include Macro Focus, Magic Eraser, Real Tone, and Face Unblur

## Video
- 10-bit HDR Video
- Cinematic blur
- Rear camera: 4K video recording at 30 FPS, 60 FPS; 1080p video recording at 30 FPS, 60 FPS
- Front camera: 4K video recording at 30 FPS, 60 FPS
- Slo-mo video support up to 240 FPS
- 4K timelapse with stabilization
- 4K Cinematic Pan video stabilization
- Features include Low Light, and Real Tone

## Sensors
- Proximity sensor
- Ambient light sensor
- Accelerometer
- Gyrometer
- Magnetometer
- Barometer

## Media and Audio
- Stereo speakers
- 3 microphones
- Noise suppression

## Connectivity and Location
- Wi-Fi 6E (802.11ax) with 2.4GHz+5GHz+6GHz, HE160, MIMO
- Bluetooth® v5.2 with dual antennas for enhanced quality and connection
- Ultra Wide Band

---

1. For “over 24 hours”: Estimated battery life based on testing using a median Pixel user battery usage profile across a mix of talk, data, standby, and use of other features. Average battery life during testing was approximately 31 hours. Battery testing conducted on a major carrier network. For “up to 72 hours”: Estimated battery life based on testing using a median Pixel user battery usage profile across a mix of talk, data, standby, and use of limited other features that are default in Extreme Battery Saver mode (which disables various features including 5G connectivity). Battery testing conducted on a major carrier network. For both claims, battery testing conducted in California in mid 2022 on pre-production hardware and software using default settings, except that, for the “up to 72 hours” claim only, Extreme Battery Saver mode was enabled. Battery life depends upon many factors and usage of certain features will decrease battery life. Actual battery life may be lower.

2. Not all phone features can be controlled by voice. Not available for all apps. Google Assistant and some related features are not available in all languages or countries. See g.co/assistant/languages for updates to language and country availability.

3. Not all available in all languages or countries. See https://g.co/assistant/voicetyping for details.

4. Requires a 5G data plan (sold separately). 5G service not available on all carrier networks or in all areas. Contact carrier for details. 5G service, speed and performance depend on many factors, including carrier network capabilities and signal strength. Actual results may vary. Some features not available in all areas. Data rates may apply. See g.co/pixel/networkinfo for info.

5. Estimated battery life based on testing using a mix of talk, data, standby, and use of limited other features that are default in Extreme Battery Saver mode (which disables various features including 5G connectivity). Battery testing conducted on a major carrier network. For both claims, battery testing conducted in California in mid 2022 on pre-production hardware and software using default settings, except that, for the “up to 72 hours” claim only, Extreme Battery Saver mode was enabled. Battery life depends upon many factors and usage of certain features will decrease battery life. Actual battery life may be lower.

6. Not available in all languages or countries. See g.co/assistant/languages for details.

7. Android security updates for at least 5 years from when the device first became available on the Google Store in the US. See g.co/pixel/updates for details.

8. Measured diagonally; dimension may vary by configuration and manufacturing process. Not available for all apps or content.

9. Estimate of typical capacity based upon testing and expected cell behavior.

10. Wired charging rates up to 18W based on use of Google 30W USB-C® or Google 18W USB-C® Charger plugged into a wall outlet. Actual results may be slower. Adapters sold separately. Compatible with USB PD 3.0 PPS adapters.

11. Storage specifications refer to capacity before formatting. Actual formatted capacity will be less.

12. Maximum resolution and field of view with RAW image files setting turned on. Setting is turned off by default. See g.co/pixel/photography for more information.

14. Deliquing may not work on all photos or videos with faces.

15. Not available for all apps or content.

16. HDR brightness measured at 100% on-pixel ratio. Peak Brightness measured at 5% on-pixel ratio.

17. Not available in all languages or countries. For more information, see g.co/assistant/voicetyping.

18. Restrictions apply. Some data is not transmitted through VPN. Not available in all countries. All other Google One membership benefits sold separately. This VPN offer does not impact price or benefits of Google One Premium plan. Use of VPN may increase data costs depending on your plan. See g.co/pixelvpn for details.

19. Not available in all languages or countries. See g.co/assistant/languages for details.
