|  Adaptive battery 4080 mAh |  Stereo speakers |
|  Qualcomm® Snapdragon™ 765 G Processor and 8GB of RAM | |

Pixel 5

Help at hyperspeed.¹

The ultimate 5G Google Phone for your business.

What happens when you bring together the ultimate Google phone and the speed of 5G?² You get Pixel 5. Pixel's security features are tested against real-world threats to keep your data safe.⁴ It also has an all-day battery that can last up to 48 hours with Extreme Battery Saver.⁵ And you'll have the ease of device management and the helpfulness of Google for your business.

Safety and security.

Pixel's security features are tested against real-world threats to keep sensitive data secure on your phone. They've even earned a perfect score on a recent analyst evaluation.²

Secure processing.

Our enterprise-grade Titan M security chip offers hardware-based protection for Google devices like Pixel. It's tamper resistant and designed to help secure and safeguard the OS and sensitive work or data on your phone (like your password).

Seamless OS updates.

Stay secure with guaranteed updates. Pixel automatically receives the latest OS and security updates for at least 3 years.⁴ The updates download entirely in the background, so you can continue using your phone without any interruption.

Anti-malware and anti-phishing.

The 5G Google phones come with Google Play Protect, Google's built-in malware protection for all the apps on your phone. It scans over 100 billion apps every day to help keep your phone safe. Pixel also has built-in anti-phishing protections that scan and notify users of potential threats coming in from phone calls, text messages, emails, and links sent through other apps.

Your identity, your phone.

Biometric security through Pixel Imprint fingerprint scanning helps ensure protection of your device.

Strong device management with Android Enterprise.⁵

Create an excellent working environment on Pixel with intuitive features that make setup easy, and ongoing enterprise management seamless.

Zero-touch enrolment.

Deploy corporate-owned devices in bulk using zero-touch enrollment without having to manually set up each device. Just open the box, and the 5G Google phones are ready to go with management, apps, and configurations all set, reducing the need for initial support.

Customised configurations.

A wide range of available management APIs makes it possible to enforce network configurations and policies, letting you customise Pixel for your business.

Secured corporate and personal data.

With the ability to create OS-level separation between personal and company data, you can ensure that users' corporate data never interacts with personal applications. So your organisation's data can remain secure and compliant.

Application management control.

Select, purchase, and manage apps for your organisation with Managed Google Play. And decide what apps can be installed on corporate devices.

Android Enterprise Recommended.

As part of the Android Enterprise Recommended programme, Pixel has been verified by Google to meet enterprise-grade requirements for performance, consistency, and security updates.

Productivity and helpfulness.

Pixel helps your employees manage many tasks at hand. And with the best of Google's technology, software, and innovation, it gets even better over time.

The best of Google with Android for Pixel.

Get the Android experience direct from Google. Without additional software or interface elements, you can get to work on Pixel quickly and easily.

A battery that lasts all day.⁶

Pixel's Adaptive Battery learns your favourite apps and reduces power to the ones you rarely use. This limits background battery usage and helps your phone last longer.

Add an extra day to your all-day battery.

Extreme Battery Saver helps your Pixel last up to 48 hours when you really need it.³ This mode automatically limits active apps to just the essentials and lets you choose additional apps you want to keep on. The rest get turned off.

Google Assistant. A little help wherever you go.

Use Google Assistant to manage your daily tasks, get proactive help at the right time and place, control your phone and apps, and much more.⁷

Google productivity and more.

Pixel integrates all your favourite services, from Gmail to Docs to Google Meet, and supports your third-party apps like Microsoft Office and Slack.⁸

Brilliant photos in any light.

Get incredible photos without paying a ridiculous price. The Pixel camera has features like Live HDR+, portrait mode, Night Sight, Super Res Zoom and Google Lens.⁹

Feel a little closer with fast 5G.¹

Pixel helps you stay connected with colleagues around the globe. Capture and share business moments that are important with a camera inspired by the pros, powerful editing tools and Google Duo¹⁰ HD screen sharing.

1 Requires a 5G data plan (sold separately). 5G service and roaming not available on all carrier networks or in all areas and may vary by country. Contact carrier for details about current 5G network performance, compatibility, and availability. Phone connects to 5G networks but, 5G service, speed and performance depend on many factors including, but not limited to, carrier network capabilities, device configuration and capabilities, network traffic, location, signal strength and signal obstruction. Actual results may vary. Some features not available in all areas. Data rates may apply. See g.co/pixel/networkinfo for info. 2 Based on 2020 analyst research conducted by Informa Telecoms and Media Limited. Evaluation is based on features that may not be available in all countries. Evaluation did not include testing. Research funded by Google. See goo.gle/mobilesecurityscorecard for more information. 3 For "All day": Maximum battery life based on testing using a mix of talk, data, standby, and use of other features. Testing conducted on two major carrier networks using Sub-6 GHz non-standalone 5G (ENDC) connectivity. For "Up to 48 hours": Maximum battery life based on testing using a mix of talk, data, standby, and use of limited other features that are default in Extreme Battery Saver mode (which disables various features including 5G connectivity). Testing conducted on two major carrier networks. For both claims: Pixel 4a (5G) and Pixel 5 battery testing conducted by a third party in California in mid 2020 on pre-production hardware and software using default settings, except that, for the "up to 48 hour claim" only, Extreme Battery Saver mode was enabled. Battery life depends upon many factors and usage of certain features will decrease battery life. Actual battery life may be lower. 4 Android version updates for at least 3 years from when the device first became available on the Google Store in the U.S. See g.co/pixel/updates for details. 5 Requires an enterprise mobility management provider supporting fully managed devices. Managed devices must be purchased through enterprise resellers or Google partners. See www.android.com/intl/en_uk/enterprise/ for more details on Android Enterprise solutions. 6 Maximum battery life based on testing using a mix of talk, data, standby, and use of other features. Battery life depends upon many factors and usage of certain features will decrease battery life. Pixel 4a (5G) and Pixel 5 battery testing conducted by a third party in California in mid 2020 on pre-production hardware and software, using default settings. Testing conducted on two major carrier networks using Sub-6 GHz non-standalone 5G (ENDC) connectivity. Actual battery life may be lower. 7 The Google Assistant and some related features are not available in all languages. See g.co/assistant/languages for updates to language availability. 8 Requires download of third-party apps from Google Play Store. 9 For available Google Lens languages go to g.co/help/lens. Some Lens features require an internet connection. 10 Requires a Google Duo account. Screen sharing not available on group calls. Requires Wi-Fi or 5G internet connection. Not available on all apps and content. Data rates may apply. 5G service, speed and performance depend on many factors including, but not limited to, carrier network capabilities, device configuration and capabilities, network traffic, location, signal strength, and signal obstruction.

Google Pixel 5G

Pixel 5

FHD+ Flexible OLED at 432 ppi

Display

- Full-screen 6.0-inch (151 mm) display with transmissive hole
- FHD+ (1080 x 2340) Flexible OLED at 432 ppi
- 19.5:9 aspect ratio
- Always-on display
- Now playing
- Touch Screen
- Smooth Display (up to 90 Hz¹)
- >100,000:1 contrast ratio
- HDR Support
- Full 24-bit depth for 16 million colours

Memory and Storage

- 8 GB LPDDR4x RAM
- 128 GB storage²

Charging

- USB-C 18W adaptor with USB-PD 2.0
- 18W fast charging³
- Qi-compatible wireless charging⁴
- Reverse wireless charging⁵

Warranty

- US, CA, JP, TW
- 1 year

- UK, DE, FR, IE, AU
- 2 years

Security and OS updates

- The latest Android 11 + new Google Assistant with Lens⁶
- Minimum 3 years of OS and security updates⁷

Front Camera

- 8 MP
- 1.12 µm pixel size
- *f*/2.0 aperture
- Fixed focus
- 83° field of view

Battery

- Minimum 4000 mAh
- Typical 4080 mAh

Estimate of typical capacity based upon testing and expected cell behavior.

SIMs

- Single Nano SIM
- eSIM⁸

Rear Camera

- 12.2 MP dual-pixel
- 1.4 µm pixel width
- Autofocus with dual pixel phase detection
- Optical + electronic image stabilisation
- *f*/1.7 aperture
- 77° field of view
- 16 MP ultrawide
- 1.0 µm pixel width
- *f*/2.2 aperture
- 107° field of view

Network

- Up to 3xCA DL, 2x2 MIMO
- CAT 12 capable of 600 Mbps download

Buttons and Ports

- USB Type-C 3.1 Gen 1
- Power button
- Volume controls

Dimensions and Weight⁹

- 5.7 height x 2.8 width x 0.3 depth (inches)
- 144.7 height x 70.4 width x 8.0 depth (mm)
- 151g

Materials

- 100% recycled aluminum enclosure¹⁰
- Corning Gorilla Glass 3 cover glass
- IP68 water and dust resistance¹¹

Video

- Front camera
- 1080p @ 30 FPS
- Rear Camera
- 1080p @ 30 FPS, 60 FPS
- 120 FPS, 240 FPS
- 4K @ 30 FPS, 60 FPS

Sensors

- Proximity / Ambient light sensor
- Accelerometer / Gyrometer
- Magnetometer
- Pixel Imprint™ back-mounted fingerprint sensor
- Barometer
- Spectral and flicker sensor

Network¹⁴

- LTE:
- Up to 4CC (12 layers) DL & 2CC UL¹²
- 5GSub-6:¹³
- TDD: Up to 1CC x 100MHz 4x4 MIMO DL & 1CC x 100MHz UL
- FDD: Up to 1CC x 20MHz 4x4 MIMO DL & 1CC x 20MHz UL¹²

Colours

- Just Black, Sorta Sage

Media & Audio

- Stereo speakers
- 3 microphones
- Noise Suppression

Processors

- Qualcomm® Snapdragon™ 765G
- 2.4 GHz + 2.2 GHz + 1.8 GHz, 64-bit Octa-core
- Adreno 620
- Titan™ M Security Module

Wireless and Location

- Wi-Fi 2.4 GHz + 5 GHz
- 802.11a/b/g/n/ac 2x2 MIMO
- Bluetooth v5.0 + LE, A2DP
- (HD codecs: AptX, AptX HD, LDAC) NFC
- Google Cast

Hearing Aid Compatibility

- M3/T4 HAC Rating
- Google's device meet the hearing aid compatibility (HAC) requirements set by the FCC.
- See g.co/pixel/hac

In the Box

- US, CA, UK, IE, TW, JP, DE
- 18W USB-C® power adaptor
- 1 m USB-C to USB-C cable (USB 2.0)
- Quick Start Guide
- Quick Switch Adaptor
- SIM tool
- FR, AU
- 18W USB-C® power adaptor
- 1 m USB-C to USB-C cable (USB 2.0)
- Quick Start Guide
- Quick Switch Adaptor
- SIM tool
- Google Pixel USB-C™ earbuds

¹ Not available for all apps or content. Display automatically adjusts to optimise for best viewing and battery performance. ² Storage specifications refer to capacity before formatting. Actual formatted capacity will be less. ³ Charging rates are based on use of the included charger plugged into a wall socket. Actual results may be slower. ⁴ Wireless charger sold separately. ⁵ Designed to charge Qi-certified devices. Use of Battery Share significantly reduces Pixel battery life. Cases may interfere with charging and will reduce charging speed. Charge speeds may vary. See g.co/pixel/wirelesscharging for more information. ⁶ The Google Assistant and some related features are not available in all languages. See g.co/assistant/languages for updates to language availability. ⁷ Android version updates for at least 3 years from when the device first became available on the Google Store in the U.S. See g.co/pixel/updates for details. ⁸ Selected markets. See your operator for details. ⁹ Dimensions and weight vary by configuration and manufacturing process. ¹⁰ Back housing only. ¹¹ Pixel 5 has a water protection rating of IPX8 under IEC standard 60529. Charger and accessories are not water resistant. Water resistance is not a permanent condition and may be compromised due to normal wear and tear, repair, disassembly or damage. ¹² Peak LTE and 5G modem capability when operating simultaneously may be lower and is network-dependent. ¹³ Requires a 5G data plan (sold separately). ¹⁴ 5G service and roaming not available on all mobile networks or in all areas. Contact operator for details. 5G service is operator-dependent. See g.co/pixel/networkinfo for more info. Qualcomm Snapdragon is a product of Qualcomm Technologies, Inc. and/or its subsidiaries.
