## Meet the all new Pixel 5

Pixel 5
FHD + Flexible OLED at 432 ppi

# Help at hyperspeed.

What happens when you bring together the ultimate Google phone and the speed of 5G?<sup>2</sup>You get Pixel 5. Pixel's security features are tested against real-world threats to keep your data safe.<sup>4</sup> It also has an all-day battery that can last up to 48 hours with Extreme Battery Saver.<sup>5</sup> And you'll have the ease of device management and the helpfulness of Google for your business.

## A little help for your day.

Pixel helps your employees manage any task at hand. And with the best of Google's technology, software, and innovation, it gets even better over time.

# The best of Google with Android for Pixel

Get the Android experience direct from Google. Without additional software or interface elements, you can get to work on Pixel 4a quickly and easily.

#### A battery that lasts all day<sup>7</sup>

Pixel's Adaptive Battery learns your favorite apps and reduces power to the ones you rarely use. This limits background battery usage and helps your phone last longer.<sup>7</sup>

#### Feel a little closer with fast 5G<sup>2</sup>

Pixel helps you stay connected with colleagues around the globe. Capture and share business moments that are important with a camera inspired by the pros, powerful editing tools and Google Duo<sup>12</sup>
HD screen sharing.

## Rich photos at a modest price

Get incredible photos without paying a ridiculous price. The Pixel camera has features like Live HDR+, portrait mode, Night Sight, Super Res Zoom and Google Lens.<sup>11</sup>

# Google Assistant. A little help wherever you go.

Use Google Assistant to manage your daily tasks, get proactive help at the right time and place, control your phone and apps, and much more.9

# Add an extra day to your all-day battery

Extreme Battery Saver helps your Pixel last up to 48 hours when you really need it. This mode automatically limits active apps to just the essentials and lets you choose additional apps you want to keep on. The rest get turned off.

### End the spam calls

With Call Screen, Google Assistant filters out detected spammers without interrupting you. It provides helpful information about callers you don't recognize before you pick up.8

### Google productivity and more

Pixel integrates all your favorite services, from Gmail to Docs to Google Meet, and supports favorite third-party apps like Microsoft Office and Slack.<sup>10</sup>

## Easy setup and go

Create an excellent working environment on Pixel with intuitive features that make setup easy, and ongoing enterprise management seamless.

## Easy device deployment

Deploy corporate-owned devices in bulk using zero-touch enrollment without having to manually set up each device. Just open the box, and the 5G Google phones are ready to go with management, apps, and configurations all set, reducing the need for initial support.

#### **Application management control**

Select, purchase, and manage apps for your organization with Managed Google Play. And decide what apps can be installed on corporate devices.

## **Customized configurations**

A wide range of available management APIs makes it possible to enforce network configurations and policies, letting you customize the deploy Pixel for your business.

#### **Android Enterprise Recommended**

As part of the Android Enterprise Recommended program, Pixel has been verified by Google to meet enterprise-grade requirements for performance, consistency, and security updates.

#### Secured corporate and personal data

With the ability to create OS-level separation between personal and company data, you can ensure that users' corporate data never interacts with personal applications. So your organization's data can remain secure and compliant.

## A step ahead of trouble.

Pixel's security features are tested against real-world threats to keep everything from your texts to your pics secure on your phone. They've even earned a perfect score on a recent analyst evaluation.<sup>4</sup>

## Secure processing

Our enterprise-grade Titan M security chip offers hardware-based protection for Google devices like Pixel. It's tamper resistant and designed to help secure and safeguard the OS and sensitive work or data on your phone (like your password).

#### **Seamless OS Updates**

Stay secure with guaranteed updates. Pixel automatically receives the latest OS and security updates for at least 3 years. The updates download entirely in the background, so you can continue using your phone without any interruption.

## Anti-malware and anti-phishing

The 5G Google phones come with Google Play Protect, Google's built-in malware protection for all the apps on your phone. It scans over 100 billion apps every day to help keep your phone safe. Pixel also has built-in anti-phishing protections that scan and notify users of potential threats coming in from phone calls, text messages, emails, and links sent through other apps.

## Your identity, your phone

Biometric security through Pixel Imprint fingerprint scanning helps ensure protection of your device.

Based on 2020 analyst research funded by Google LLC and conducted by Informa Telecoms and Media Limited (July 2-Ondia). See goo.gle/mobilesecurityscorecard for more information. Analyst evaluation of do not include testing. Android version updates for other lates 13 years from when the device This became available on the Google Store in the U.S. See goo/juefupdates for details. "For 'All day'. Maximum battery life based on testing using a mix of talk, data, standby, and use of other features. Testing conducted on two major carrier networks using 30th-6 GHz non-standations 65 (EMCDC) connectivity, For 'Uto 148 Anous'? Maximum battery life based on testing using a mix of talk, data, standby, and use of limited other features that are default in Extreme Battery Saver mode (which disables various features including 56 connectivity), Testing conducted on two major carrier networks. For both claims: Pilet also better yetering conducted by a third party in California in mid 2020 on pre-production have and software using default settings, except that, for the "up to 48 hour claim" only. Extreme Battery Saver mode was enabled. Battery life depends upon many factors and usage of certain features will decrease battery life.

FHD+ Flexible OLED at 432 ppi

## **Display**

- Full-screen 6.0-inch (151 mm) display with transmissive hole
- FHD+ (1080 x 2340) Flexible OLED at 432 ppi
- 19.5:9 aspect ratio
- Always-on display
- Now playing
- Touch Screen
- Smooth Display (up to 90 Hz<sup>1)</sup>
- >100,000:1 contrast ratio
- HDR Support
- Full 24-bit depth for 16 million colors

## **Memory and Storage**

- 8 GB LPDDR4x RAM
- 128 GB storage<sup>2</sup>

## Charging

- USB-C 18W adapter with USB-PD 2.0
- 18W fast charging4
- · Qi-compatible wireless charging<sup>2</sup>
- Reverse wireless charging<sup>3</sup>

## Warranty

US, CA, JP, TW

• 1 year

UK. DE. FR. IE. AU

· 2 years

## Security and OS updates

- The latest Android 11 + new Google Assistant with Lens<sup>6</sup>
- Minimum 3 years of OS and security updates<sup>7</sup>

#### Front Camera

- 8 MP
- 1.12 µm pixel size
- f/2.0 aperture
- Fixed focus
- 83° field of view

## **Battery**

- Minimum 4000 mAh
- Typical 4080 mAh<sup>1</sup>

Estimate of typical capacity based upon testing and expected cell behavior.

#### Rear Camera

- 12.2 MP dual-pixel
- 1.4 µm pixel width
- Autofocus with dual pixel phase detection
- Optical + electronic image stabalization
- f/1.7 aperture
- 77° field of view
- 16 MP ultrawide
- 1.0 µm pixel width
- f/2.2 aperture
- 107° field of view

## **Network**

- Up to 3xCA DL, 2x2 MIMO
- CAT 12 capable of 600 Mbps download

#### **Buttons and Ports**

- USB Type-C 3.1 Gen 1
- Power button
- Volume controls

## Dimensions and Weight<sup>1</sup>
