Test Live to Thrive

The Old:

**Mock ups / static image = meaningless results and ads that
DON'T WORK**

The NEW:

**Mobile and desktop injected ads on LIVE social media sites =
REAL RESULTS**

Most realistic

See the ad in your
Facebook News Feed

- **Capture attention in-feed**
- ads viewed in-feed require more breakthrough creative to capture attention
- **Put your creative to the test**
- before a campaign goes live will help advertisers launch higher-impact campaigns in-market and spend more efficiently
- **Think holistically**-targeting, timing and other campaign goals.

eye square Live Recap

Live ad replacement **injects test ads into the personal Live newsfeed of survey respondents.**

All other **content is respondents' own personal newsfeed content** and is neither modified not captured.

We effectively mask the purpose of the test which leads to realistic ad effectiveness results (hidden trials).

The software runs on both **desktop and mobile** and on both Android and iOS.
