

**PETROKIMIA GRESIK INAUGURATES AL-QUR'AN LEARNING CENTRE  
AND MUSALLA FOR THE VICTIMS OF THE ERUPTION OF MOUNT SEMERU**

Number : 03/SP/PG/I/2023  
Day / Date : Tuesday, January 24, 2023

Petrokimia Gresik through the Zakat Collection Unit - National Amil Zakat Agency (UPZ Baznas) built the Qur'an Learning Centre (TPQ) and Musalla An-Nur in Sidorejo, Sumbermujur Village, Candipuro District, Lumajang Regency. The inauguration was carried out by the Chairman of UPZ Baznas Petrokimia Gresik, Yusuf Wibisono representing the President Director of Petrokimia Gresik, Dwi Satriyo Annurogo.

Separately, Dwi Satriyo said that TPQ and Musalla An-Nur are forms of company support for the recovery program for victims of the Mount Semeru eruption.

"Currently, the victims of the eruption of Mount Semeru have begun to occupy the area built by the Government. The relocation area, it is equipped with worship facilities. But because the number of victims is thousands, of course, they need more facilities. This musalla is a form of our concern for the victims, besides being able to be used by other children in Sumbermujur Village," said Dwi Satriyo.

Petrokimia Gresik in its development synergizes with the Sumbermujur Village Government (Pemdes). So that the assistance distributed is right on target. The value of the musalla aid distributed was worth IDR 124 million.

"Musalla have existed before. But the building is already fragile, the roof been weathered and leaked, and the ceiling had plummeted a lot, so it is not safe to use. Based on discussions with the Village Government, it was decided to rebuild the musalla. *Alhamdulillah*, now it can be used," he said.

TPQ and Musalla An-Nur have previously been actively used by residents, starting from congregational prayers and becoming a place to learn to recite the Quran for 40 children. Currently, the Sumbermujur Government has also helped socialize the victims so that their children can pursue religious education in Musalla An-Nur.

"Although Sumbermujur is far from our operational area, this assistance is a form of concern for Petrokimia Gresik who is the Coordinator of the National Disaster Response Task Force for SOEs in the East Java Region, as well as a holding member of Pupuk Indonesia. Hopefully, with the various caring assistance provided by BISA, it will accelerate the recovery of the victims and return to normal," concluded Dwi Satriyo.
